

National Audubon Society

When will you stop
requiring cruel & obsolete
animal tests for pharm-
aceuticals & allow com-
panies to substitute in
vitro tests for the safety
of both humans & animals.
Cell tests, chemical tests &
computer modeling are
superior alternatives to
the suffering of thousands
of animals.

Green tree frogs

S. Hone

Louisiana's Atchafalaya Swamp, home to these two
Green tree frogs, is also a nesting and feeding habitat for
more than 170 bird species.

To find out how you can help save America's wildlife by
becoming a member, call the National Audubon Society
at 1-800-274-4201.
