I demand that the FDA discontinue cruel and obsolete animal tests for pharmaceuticals, and instead ~~allow the companies~~ allow the companies to substitute in vitro tests for the safety of both humans and animals.

Hundreds of companies have found ways to earn profits without hurting animals, why can't the FDA? This is not a difficult concept!

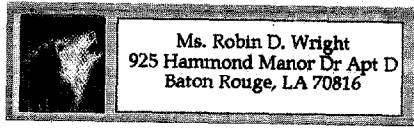

Thousands of Americans (and others in this world) have stopped taking pharmaceuticals and begun taking herbal alternatives, which are not approved by the FDA. This is perfectly fine with us; we are not funding
