Rockville, MD 20852

Dear Commissioner:

I am writing in support of the Center for Science in the Public Interest's petition concerning ingredient listings on food product containers. I too urge the FDA to require that ingredient lists on food labels be printed in a clear, easy-to-read format similar to that used on the Nutrition Facts labels. To that end I support the CSPI's petition.

Consumers should be able to know, without difficulty, what they are eating! Therefore I urge you to insure that ingredient lists be required to use a readable typeface of sufficient size, black printing on a white background, and upper- and lower-case letters.

I thank you for your attention to my request.

Sincerely,

Rev. Greg Lugn
