

## **Democratic Provisions in Substitute Amendment for H.R. 5356**

### SEC. 2. NSF Early Career Awards for Science and Engineering Researchers.

- **Rep. Jackson Lee** (TX) added a provision to require NSF to notify HBCUs and other minority serving institutions about when and how to apply for grants under this program.

### SEC. 3. DOE Early Career Awards for Science and Engineering Researchers.

- **Rep. Jackson Lee** (TX) added a provision to require DOE to notify HBCUs and other minority serving institutions about when and how to apply for grants under this program.

### SEC. 5. NSF Research Award Match Program.

- **Rep. Jackson Lee** (TX) added a provision to require NSF to notify HBCUs and other minority serving institutions about when and how to apply for grants under this program.

### SEC. 6. DOE Research Award Match Program.

- **Rep. Jackson Lee** (TX) added a provision to require DOE to notify HBCUs and other minority serving institutions about when and how to apply for grants under this program.

### SEC. 7. Major Research Instrumentation.

- Adds authorization for the NSF Major Research Instrumentation program for colleges and universities as included in H.R. 4596 and modifies the current program by increasing the maximum award amount from \$2M to \$20M and allowing funds to be used for support of operations and maintenance of instrumentation and equipment acquired.

### SEC. 10. Research on Innovation and Inventiveness

- **Rep. Honda** (CA) added a provision to authorize NSF to carry out research on the process of innovation and the teaching of inventiveness.
