

Disability Program "Navigator" Initiative

Department of Labor
and
Social Security Administration

FACT SHEET
October, 2008

The Department of Labor (DOL) and the Social Security Administration (SSA) have jointly established a new position, the Disability Program Navigator (DPN), within DOL's One-Stop Career Centers.

The DPN helps people with disabilities "navigate" through the challenges of seeking work. Complex rules surrounding entitlement programs, along with fear of losing cash assistance and health benefits, can often discourage people with disabilities from working. DOL and SSA have established the DPN initiative to better inform SSI/SSDI beneficiaries and other people with disabilities about the work support programs available at DOL-funded One-Stop Career Centers. These Centers provide information, training, and other employment-related services at a single customer-friendly location. The DPN Initiative is: developing new/ongoing partnerships to achieve seamless, accessible, comprehensive, and integrated access to services; promoting the workforce investment system's becoming Employment Networks under the Ticket-to-Work Program; blending/braiding resources to leverage funding for individual customers; creating systemic change; and expanding the workforce investment system's capacity to serve customers with disabilities and employers. DOL's Employment and Training Administration (ETA) and SSA's Office of Program Development and Research signed an Interagency Agreement in September 2002 to jointly fund, implement, pilot, and evaluate the DPN initiative.

Overview

- DOL has entered into cooperative agreements with the state level workforce system in 43 states, the District of Columbia, and Puerto Rico, with over 425 DPNs located throughout the country.
- DOL and SSA are training the Navigators on SSA employment support programs, One-Stop partner funded programs, and other programs that impact successful employment.
- DOL and SSA are working together to conduct a comprehensive evaluation of the Navigator pilot.
- Disability Program Navigators are hired and employed by the state or local workforce system.
- Navigators are helping to meet the demands of the 21st century workforce.

The DPN Position

The Navigators:

- Guide One-Stop staff in helping people with disabilities access and navigate the complex provisions of various programs that impact their ability to gain/retain employment.
- Develop linkages and collaborate on an ongoing basis with employers to facilitate employment for persons with disabilities.
- Develop partnerships to achieve integrated services, systemic change, and expand the capacity to serve customers with disabilities.
- Facilitate the transition of in- or out-of-school youth with disabilities to obtain employment and economic self-sufficiency.
- Conduct outreach to agencies/organizations that serve people with disabilities.
- Serve as resources on SSA's: work incentives/employment support programs through its Work Incentives, Planning, and Assistance (WIPA) program; Protection and Advocacy systems (P&As); and employment-related demonstration projects.
- Serve as resources on programs that impact the ability of persons with disabilities to enter and remain in the workforce.
