On December 15, 2004, the Office of the Chief Accountant of the Securities and Exchange Commission (the "SEC") issued a statement (the "Statement") regarding a review of certain accounting issues relating to Fannie Mae, including a determination by the SEC that Fannie Mae should restate its financial statements to eliminate the use of hedge accounting. The restatement will affect Fannie Mae's net interest income at risk information. On December 16, 2004, Fannie Mae filed a Current Report on Form 8-K with the SEC that includes a copy of the Statement.

The information presented in this report is unaudited and includes, in the opinion of management, all adjustments (consisting of normally recurring accruals) necessary for a fair presentation. Fannie Mae has announced that its previously issued financial statements and information should no longer be relied upon in light of the SEC's determination that the financial statements were prepared applying accounting practices that did not comply with generally accepted accounting principles, or GAAP. Fannie Mae has also announced that it will restate its previously issued financial statements and that it has engaged new auditors to serve as Fannie Mae's independent auditors for 2001 through 2004. It is possible that the re-audit and restatement of Fannie Mae's financial statements may result in changes to some of the information in this report.

For more information about the restatement and the reaudit, please see the Form 8-Ks Fannie Mae filed with the SEC on December 22, 2004, January 4, 2005 and March 18, 2005. For more information regarding Fannie Mae, please visit www.fanniemae.com or contact us at (202) 752-7115.
