**H.2 1852.209-71 Limitation of Future Contracting (DEC 1988)**

(a) The Contracting Officer has determined that this acquisition may give rise to a potential organizational conflict of interest. Accordingly, the attention of prospective offerors is invited to FAR Subpart 9.5-- Organizational Conflicts of Interest.

(b) The nature of this conflict is where the contractor acts as a consultant to NASA in the determination of requirements, and in the preparation of a statement of work.

(c) The restrictions upon future contracting are as follows:

(1) If the Contractor, under the terms of this contract, or through the performance of tasks pursuant to this contract, is required to develop specifications or statements of work that are to be incorporated into a solicitation, the Contractor shall be ineligible to perform the work described in that solicitation as a prime or first-tier subcontractor under an ensuing NASA contract. This restriction shall remain in effect for a reasonable time, as agreed to by the Contracting Officer and the Contractor, sufficient to avoid unfair competitive advantage or potential bias (this time shall in no case be less than the duration of the initial production contract). NASA shall not unilaterally require the Contractor to prepare such specifications or statements of work under this contract.

(2) To the extent that the work under this contract requires access to proprietary, business confidential, or financial data of other companies, and as long as these data remain proprietary or confidential, the Contractor shall protect these data from unauthorized use and disclosure and agrees not to use them to compete with those other companies.

(End of clause)

### **H.3 NFS 1852.235-71 KEY PERSONNEL AND FACILITIES (MAR 1989)**

Before removing, replacing, or diverting any of the listed or specified personnel or facilities, the Contractor shall (1) notify the Contracting Officer reasonably in advance and (2) submit justification (including proposed substitutions) in sufficient detail to permit evaluation of the impact on this contract.

(b) The Contractor shall make no diversion without the Contracting Officer's written consent; provided that the Contracting Officer may ratify in writing the proposed change, and that ratification shall constitute the Contracting Officer's consent required by this clause.

(c) The list of personnel and/or facilities (shown below) may, with the consent of the contracting parties, be amended from time to time during the course of the contract to add or delete personnel and/or facilities:

### **H.4 KSC 52.204-96 SECURITY CONTROLS FOR KSC AND CCAFS (NOV 2006)**

A. Identification of Employees:

#### 1. Badging

(a) Kennedy Space Center (KSC) badging is mandatory for all contractor personnel (e.g. administrative, technical, Architect and Engineering, supervisory, construction crafts, etc.) who require access into KSC or Cape Canaveral Air Force Station (CCAFS). The contractor shall require each employee, and each subcontractor employee who require access to KSC or CCAFS to obtain identification badges, and special controlled area access badges, as necessary. Identification and badging of

employees must be completed prior to issuance of a Notice to Proceed by the Contracting Officer, if applicable, or commencement of activities by unbadged employees.

- (b) Prior to proceeding with performance, the contractor shall submit the following information to the Contracting Officer, who will certify it and pass the information on to the Badging Office:
    - i. Contract number and location of work site(s);
    - ii. Contract commencement and completion dates;
    - iii. Status as prime or subcontractor; and,
    - iv. Name of the contractor designated security/badging official. (Designated badging officials must receive a badging briefing, identifying badging requirements/restrictions, prior to being authorized as badging officials.)
  - (c) During performance of this contract, issued badges shall be worn by contractor employees and prominently displayed at all times while on KSC or CCAFS property, unless wearing the badge creates a safety hazard. Upon termination of an employee, or completion/termination of the contract, the contractor shall immediately deliver such employee's identification and access badge(s) to the Security Badging office, either at a Pass and Identification Station (PIDS) or in the Visitor Records Center, Room 1470, KSC Headquarters Building. NASA Identification badges remain the property of NASA and the Government reserves the right to invalidate/confiscate such badges at any time.
  - (d) To ensure timely and efficient issuance of identification and special access badges to contractor personnel, immediately after contract award but prior to notice to proceed or work on-site, the contractor shall designate in writing to the Contracting Officer a security/badging official for the contract/contractor. Concurrently, the designated security/badging official shall submit to the Contracting Officer a KSC Form 20-162 (Request for KSC Picture Badge) for each employee requiring access to KSC or CCAFS. This is the minimum paperwork required for each employee (and subcontractor employee) for issuance of identification badges only.
2. Homeland Security Presidential Directive (HSPD) 12, Federal Information Processing Standards (FIPS) Publication 201, and Office of Management and Budget (OMB) Guidance M-05-24 Compliance
- (a) In compliance with Homeland Security Presidential Directive (HSPD) 12, Federal Information Processing Standards (FIPS) Publication 201, and Office of Management and Budget (OMB) Guidance M-05-24, all persons who will have access to Government controlled facilities or access to a Federal information system for a period of in excess of 180 days must have a favorably completed National Agency Check with Written Inquiries (NACI). To accomplish this, the forms listed below need to be submitted to the Personnel Security Support Office, Room 1210M, KSC Headquarters Building. FIPS Pub 201 requires identification verification be accomplished by the applicant (person to be badged) providing two items of identification listed in Department of Homeland Security (DHS) Form I-9.
    - i. KSC Form 20 – 87, NASA PRP Investigation and Qualification Data Request;
    - ii. FD Form 258, Fingerprint Card,
    - iii. Standard Form 85, Questionnaire for Non-Sensitive Positions; and,

## iv. Optional Form 306, Declaration for Federal Position Employment.

## B. Badging Restrictions/Categories:

1. White Temporary Pass (WTP). Under current KSC security restrictions, an “Unescorted” White Temporary Pass (WTP) is required for unescorted entry through the KSC perimeter gates. (Permanent picture badges are no longer required.) The contractor’s designated security/badging official is authorized to request issuance of WTPs (or consent to retain existing WTPs) for those individuals that he/she can “vouch” for, based upon verification of U.S. citizenship and demonstrated work history. The contractor security/badging official is responsible for ensuring the integrity of this system, will be held accountable for issuance of a WTP to any unauthorized individual, and is responsible for the behavior of anyone for whom s/he authorizes a badge.
2. Pink Temporary Pass (PTP). Any individual for whom the designated security/badging official cannot “vouch” in accordance with the above criteria will be issued a “To Be Escorted” Pink Temporary Pass (PTP). All persons with PTPs, including vendors, must be signed in at the perimeter gate and escorted to and from the job site. The escort must maintain visual contact with their escortee(s) at all times and shall escort them off KSC property at the conclusion of their on-site work.
3. Green Temporary Pass (GTP). Persons who are not a United States citizen or are an employee of a foreign Government, company, or other foreign entity must be so identified by being issued a green temporary pass. Each such employee must obtain individual prior approval for entry from the KSC International Visits Coordinator (IVC) in the NASA Protective Services Office (TA-G).
4. Access to Controlled Areas within KSC:
  - (a) Certain areas within KSC have been designated as Controlled Areas. These are normally surrounded by fencing and have an entrance gate monitored by a security officer or a monitoring device. Access into such areas is classified as either “escorted” or “unescorted” access. For unescorted access into these areas, for each employee, the contractor must submit to the Contracting Officer’s Technical Representative (COTR), in addition to the NACI forms listed above in paragraph (a).2.i..a-d, a NASA Form 1730, Request for Unescorted Access/Personnel Reliability Program.
  - (b) The NASA Protective Services Office, or its designee, the Personnel Security Support Office (PSSO), will determine whether the person is eligible for unescorted access within 14 working days after the receipt of the properly completed forms and so inform the COTR. The COTR will notify the contractor of the NASA Protective Services Office’s approval/disapproval. Access to controlled areas is granted when the requisite safety training has been successfully completed.
  - (c) All contractor employees utilized on the job site will not require unescorted access. However, it is the contractor’s responsibility to designate and submit the required information on a sufficient number to provide escort service to those not cleared for unescorted access. The contractor escort will be required to meet the work crew at the security area gate at the beginning of the contractor’s workday/shift and escort them as a group to the job site. The escort will keep the crews within site until they are escorted back to the area gate at the end of the workday. No authorized personnel will leave the immediate work area without an appropriately badged escort.

- (d) The Government will provide, at no cost to the contractor, investigative services for a designated number of employees/workers escorts. If, through attrition or personnel turnover, the contractor requires additional employees to be investigated for unescorted access, the contract price shall be reduced by \$100.00 per person in excess of the designated number. If, because of varying mobilization approaches, the contractor desires unescorted access for more than the stated quantity, the contractor may request additional clearances at a reduction in contract price of \$100.00 per person.
- (e) The prime contractor is responsible for providing escort services for any of his employees and/or any subcontractor employees who are not eligible for unescorted access. The Government will not provide escort service under this contract. The contractor shall be responsible for all delays and costs caused by its failure to provide for unescorted access. All requests for unescorted access by subcontractors will be submitted through the prime contractor to the COTR for processing by the NASA Protective Services Office, or its designee, the PSSO.
- (f) One or more on-site training classes may be required for admittance to the work area and for inclusion on the Job Site Access List for Controlled-access Areas. The total training will not exceed four hours. Contractors may schedule any required training for their employees by contacting the COTR. The contractor shall maintain a record of employees receiving the training.
- (g) Work under this contract may be performed in limited access areas. Investigations may be performed on the designated number of employees for whom interim unescorted access investigations will be performed at no cost to the contractor.

2. Additionally, the draft agreement shall be accompanied by a cover letter containing an explanation of the unique nature of the Government-owned facilities and equipment and/or MESC/Government expertise (or combinations thereof) that is not available from commercial sources and justify acceptance of the work.

### C. Financial Obligations

#### 1. General

- a. The Contractor shall provide consideration to NASA KSC in connection with Government-provided property and services utilized for Work for Others under the authority of this provision. Pursuant to the direction of the Contracting Officer, consideration may be in the form of cash payment from the Contractor to NASA KSC or a credit to the Government under the MESC contract.
- b. The contractor shall establish unique Cost Charge Numbers, or other means, to ensure that the costs of goods and services provided under Work for Others will not be charged to MESC.
- c. The specific cost components, amounts and fees to be reimbursed or credited to NASA KSC, and the points of contact and authority will be established annually in a written procedure. It is anticipated that a separate procedure will be established for each facility. Generally, reimbursable and creditable costs will include, but may not be limited to the following categories:
  - Rent or other appropriate consideration for use of Government property in accordance with FAR 45 .403 and FAR 45.404(c);
  - Actual cost of Government personnel directly supporting a project (including payroll additives, fringe benefits and G&A);
  - Actual cost of Government-provided material, utilities, support services and appropriate overheads.

#### 2. Reimbursement of Government Direct Labor Support

- a. For those projects where Government personnel will provide direct labor support, the Contractor will be required to forward advance payments to NASA based upon the estimated number of hours of direct Government support needed. Payment shall be made to NASA KSC prior to the initiation of each project utilizing Government personnel.
- b. Payment shall be made in the form of a check payable to “NASA Kennedy Space Center” and sent to:

National Aeronautics and Space Administration

- c. NASA KSC’s activities under or pursuant to this provision are subject to the availability of appropriated funds, and no provision herein shall be interpreted to require obligations or payment of funds in violation of the Anti-Deficiency Act, 31 U.S.C. § 1341.

- d. NASA KSC will send a final billing to the Contractor for the services rendered by Government personnel as soon as possible after the completion of each project. Any overpayment to NASA following completion of a project will be promptly reimbursed to the Contractor.

#### D. Priority of Use

1. It will be the Contractor's overall responsibility to schedule and manage use of assigned Government-furnished facilities to accommodate contract work and Work for Others in a manner to assure the timely, within cost, delivery of quality products and services for all. Since Work for Others projects are subject to Government approval and each request for approval will address scheduling issues, scheduling and priority of use conflicts should be rare. However, in the event circumstances should arise in which the Government requires use of facilities and/or personnel scheduled for use on Work for Others, the Contracting Officer will direct that the Government work shall take precedence and the Contractor shall immediately proceed with the Government work.
2. NASA will make every reasonable effort to ensure that ongoing and planned Work for Others is not impacted and the exercise of the authority herein stated to require displacement of Work for Others in order to accomplish Government work will be exercised only to the extent necessary to protect the interests of the Government. Such direction will be given only after the Center Director makes a determination that a federal emergency or an event of significant public interest requires the exercise of Government priority.

#### E. Liability and Risk of Loss

##### 1. General

- a. The Contractor and Other(s) waive and agree not to make any claims against the U.S. Government or U.S. Government Contractors or subcontractors, for damage arising from or related to activities under this provision, whether such damage is caused by negligence or otherwise, except in the case of willful misconduct.
- b. In addition, the Contractor and Other(s) agree to indemnify and hold the U.S. Government or its Contractors or subcontractors harmless from any claim, judgment, or cost arising from the injury to or death of any person, or for damage to or loss of any property, including U.S. Government property, as a result of activities under this provision, whether such damage is caused by negligence or otherwise, except in the case of willful misconduct.
- c. In the event that Other(s) will need to directly participate in Work for Others activities at KSC, the Other(s) will be required to have the same insurance coverage as the MESC contractor under contract clause I.I(B), "Minimum Insurance Coverage" (NFS 1852.228-75), unless Other(s) is statutorily authorized to self-insure. Additionally, in those circumstances where the Work for Others activities will involve hazardous operations that place government facilities at risk, the Contracting Officer may require that the Other(s) provide property damage insurance, or an agreement on an alternative method of protection, as required in Section I, Contract Clauses.

##### 2. Insurance for Damage to NASA Property

- a. For purposes of this article, the following definitions shall be applicable:
  - (1) "Liability" shall include payments made pursuant to United States' treaty, any judgment by a court of competent jurisdiction, administrative and litigation costs, and settlement payments.

(2) "Damage" shall mean bodily injury to, or other impairment of health of, or death of any person; damage to, loss of, or loss of use of any property; soil, sediment, surface water, ground water, or other environmental contamination or damage; Loss of revenue or profits; other direct damages; or any indirect, or consequential damage arising there from.

b. Damage to Government Property:

(1) Where required by NASA, within a reasonable time before Other(s) begin to have access to or use of U.S. Government property or services, Other(s) shall obtain or arrange to obtain, at no cost to NASA, insurance to cover the cost of replacing, repairing, or the fair market value of, as reasonably determined by the U.S. Government, any U.S. Government property (real or personal), which property is damaged as a result of any performance of this agreement, including performance by the U.S. Government or the U.S. Government's contractors or subcontractors. Upon obtaining the insurance required under this paragraph, or upon obtaining any modification or amendment thereof, Other(s) shall personally deliver, or send by registered or certified mail, postage prepaid, two copies of such insurance policy, or such modification or amendment, to NASA at the following address, referencing the MESC, or at such address as NASA may, from time to time, designate in writing:

National Aeronautics and Space Administration  
Office of the Chief Counsel  
Mail Code CC  
Kennedy Space Center, FL 32899

(2) The insurance required under this subparagraph shall provide coverage in an amount acceptable to NASA. All terms and conditions in the policy shall be acceptable to NASA, and shall require 30 days notice to NASA of any cancellation or change affecting coverage. The policy shall name the United States as an insured and shall cover all risks of loss except that it may exclude damage caused by the U.S. Government's willful misconduct. The insurance policy shall provide that the insurer waives its right as a subrogee against U.S. Government contractors, subcontractors, or related entities for damage.

(3) In the event Other(s) is unable to obtain insurance coverage required by subparagraph b(1) above, the parties agree to consider, subject to review, approval and agreement by NASA, alternative methods of protecting U.S. Government property (e.g., by an agreement to indemnify the U.S. Government for such damages).
