

What is Your Cosmic Connection to the Elements?

Big Bang

Hydrogen Helium

Small Stars

Lithium

Cosmic Rays

Supernovae

A composite image featuring three panels. The left panel shows a person's lower body from the waist down, wearing a white volleyball, blue jeans, and white sneakers. The middle panel shows a person's upper body from the chest up, wearing a striped shirt and jeans. The right panel is a close-up portrait of a smiling person with long dark hair and glasses, wearing a striped shirt and jeans. A pink horizontal bar highlights the volleyball in the first panel, a yellow bar highlights the person's face in the third panel, and a green bar highlights the person's shirt in the second panel. The background is a grey gradient with large, semi-transparent letters 'F', 'R', 'I', '6', '2', '8', and '46' scattered across it.

- Carbon
- Nitrogen

Sulfur
Calcium
Oxygen
Silicon

Gold Iron Titanium

Large Stars

The image features a standard periodic table of elements as its background. Overlaid on the center of the table is a large, bright, multi-colored supernova explosion. The explosion has a yellow core, transitioning through orange, red, and purple towards the outer edges. It is surrounded by a dark, textured nebula. In the top right corner of the image, the word "Supernovae" is written in a large, light blue, sans-serif font. In the bottom right corner, there is a URL: "http://imag".
