This Amendment 006 provides further clarification of the Government's capability to remedy violations of proposal formatting and/or page count restrictions included in the RFP. Offerors are cautioned to strictly adhere to the proposal font size and formatting instructions contained in L.14, as further explained in the Government's answer to question 004-12 contained in RFP Amendment 004. Any failure by the offeror to limit use of 8-point font formatting to the non-textual or non-narrative uses permitted in the above referenced provisions of the RFP will result in corrective action described in this amendment, which may adversely impact the offeror's proposal. Offerors are, therefore, reminded to carefully review all RFP formatting, page count, and content restrictions and ensure submitted proposals conform with these restrictions.

Potential offerors are notified of the following changes:

1. Revised provision L.14, *General Submittal Instructions*, to require submittal of electronic copies of each volume in Microsoft Office 2003 format as well as PDF format. L.14 is also revised to state that proposal pages that do not conform to formatting instructions may be either removed without being evaluated and returned to the offeror, or the formatting violation may be corrected by the Government using the submitted electronic copy and any resulting pages in excess of volume page limitations will not be evaluated by the Government and will be returned to the offeror.

The information included in the attached "content change pages" are to replace the current RFP pages.

All other areas of the RFP remain unchanged.
