

ATTACHMENT J-6
GOVERNMENT FURNISHED PROPERTY (GFP) FOR
POTENTIAL USE

FOR

MEDICAL AND ENVIRONMENTAL
SUPPORT CONTRACT (MESC)

Government Furnished Property (GFP) for Potential UseNotes and Instructions for Government Furnished and Incumbent Contractor Depreciated Equipment

1. This attachment contains three listings of equipment utilized by the incumbent contractors currently providing medical, environmental health and environmental services at KSC.
2. The tabbed sections titled LSSC GFP and JBOSC GFP list equipment that will be provided as Government Furnished Property to the successful offeror.
3. The tabbed section titled JBOSC Depreciated Equipment lists equipment purchased, by the current contractor, that is currently being depreciated. Net book value as of June 2007 is also listed. The successful offeror will be required to purchase this equipment at net book value at contract start (pending inspection) and establish a new reserve equipment value. The offeror should include in their proposal the costs for any equipment they would intend to purchase above and beyond equipment listed in this attachment.
4. The MESC Offeror is reminded that desktop systems for this procurement will be Government Furnished Equipment through the NASA KSC IT contract. Desktop systems shown on the attached spreadsheets will be replaced at the start of the contract and the offeror should not propose costs for that equipment in their proposal.

LSSC Government Furnished Property
