

## **Draft Request for Proposal (DRFP) NNK0704121R Questions and Answers Final Synopsis**

The Medical and Environmental Support Contract (MESC) Procurement Development Team (PDT) conducted a Site Visit and Industry Day meeting with interested parties on July 18, 2007. This synopsis provides interested parties with answers to the remaining questions that were received at the Site Visit and Industry Day, as well as responses to the remaining questions submitted by interested parties in response to the DRFP. Offerors should note that this is a partial list and additional answers were provided previously, synopsisized, and posted on August 30, 2007 on the World Wide Web at <http://prod.nais.nasa.gov/>, and on the MESC website, <http://mesc.ksc.nasa.gov/>.

Offerors are cautioned that the final Request for Proposal (RFP) will take precedence over the answers posed in response to questions received on the DRFP.

An updated Interested Parties list (as of 09/11/2007) is also included in this posting.
