

# Summer Adventures in Science

## Paper Engineering

**June 12 -14 (9:30 am or 1:00 pm)**

Explore the possibilities of paper. Create 3-D paper puzzles, mobius strips, transformers, flexagons, and pop-ups.

## Astronomy Days

**June 26 and 28 (10:00 am, 11:00am, 1:00 pm, and 2:00 pm)**

Come inside our portable planetarium and learn about the night sky!

## Rockets!

**July 9 and 10 (9:30 am or 1:00 pm)**

Be a rocketeer! Learn about, build and launch an Estes model rocket.

## Codes and Ciphers

**Beginning June 1**

Drop in any time during Museum hours.

Learn about ciphers, cryptography, the Navajo Code Talkers, computer codes, DNA codes, braille, and more!

**All activities are FREE. Call 606-1492 to register beginning May 29.**

**Sponsored by LANL Community Programs Office.**
