

Q. When you mentioned "Oval Podium Case with Wheels", is your desire for a shipping case only, or should we also include the necessary elements to ensure this case can also be used as a graphic podium in the front of the display, and if so, what type of branding is desired (ie: Velcro-compatible fabric wrap with detachable panel or dye sublimated pillow-case graphic)?

A. This case does NOT need to double as a podium

Q. Please also let me know if you will be provided the print-ready graphic files to be used for this project or if we should include an Art Preparation Service estimate within our proposal.

A. Graphics in print ready format will be provided.

Q. Will artwork be included with the award or are you looking for design services?

A. Artwork will be provided and design services are not necessary.

Q. Do you have a particular fabric you would prefer for the digital image print?

A. Poly knit is good...something that will have some stretch to it, but when velcroed onto the frame, will help eliminate the wrinkles.

Q. Is a GSA schedule required or is it an open market item?

A. GSA is not required.

Q. Should delivery be included in our quote?

A. Yes.

Q. In what format should we submit our bids?

A. Your standard company letterhead is sufficient. Please make sure to acknowledge all amendments.

Q. Can you provide additional information on the intended usage for this display?

A. We plan to use these exhibits for NASA/Kennedy Space Center Outreach and Speakers Bureau events. We definitely want a frame that:

1. POPS Up and snaps together EASILY
2. Allows the graphic fabric to be attached to the frame.
3. Allows the graphic to stay attached to the frame while packed in shipping container.

Q. Is this a one-time use or do you intend to use it for several years?

A. Expected life is 5 years.

Q. Do you prefer a warranty?

A. A standard industry warranty of at least one year is desirable.

Q. Can we provide more than one frame/hardware option?

A. yes.
