

Aldous Huxley visit presumably

3/31/98

re BRAVE NEW WORLD

Sun 4/7/63

Chaos. Edna in hospital this month, in charge of office and utterly incompetent. (Hopefully some replacement soon.) Can't find anything, & drowned any how. LINC proposal here. NASA revival just hammered out, NIH before that. Index meetings. Teaching this quarter, also not properly planned. ~~See~~ on this ice-
Ephraim visit last week. Try to set up new computer arrangements. Income tax coming up. Work - no time to think what to do first, what to do about it all. Israel cancelled - Weisgal heritment

last Sunday, after Szutty's policy discussion, afternoon here with Aldous Huxley + Feynman. (See conversation) Progressive figure, though > 76, cataract, near blind,

Mayer concordance on science + literature;

nightingales + need for new poetry;

BAW (started as parody of H.W. Wells' Men of Gods)
