

Reciprocal Crosses in *Streptomyces Coelicolor*  
*Genetics*, 45:613-619, 1960.

Preferential Compatibility in *Streptomyces vioaceoruber*  
*J. gen. Microbiol.* 23:231-241, 1960.

Comparison of Sexual Recombination in *Escherichia coli* with Gene  
Recombination in *Streptomyces violaceoruber*  
*Genetics Today*, Proc. XI Inter. Congress of Genetics, The Netherlands,  
Vol. 1, p.14, 1963.

Parasexual Phenomena in Microorganisms  
*Ann. Rev. of Microbiol.*, 16:35-52, 1962.

Recombination Events in the Bacterial Genus *Nocardia*  
*Science*, 140:1392-1394, 1963.

Heterokaryosis in *Streptomyces*  
*J. Bacteriol.*, 72:235-241, 1956.

Compatibility System Controlling Heterokaryon Formation in *Streptomyces coelicolor*  
*Proc. of Soc. Exptl. Biol. & Med.*, 99:476-478, 1958.

Heterokaryosis in *Streptomyces Coelicolor*  
*J. Bact.*, 73:581-582, 1957.

Mechanisms Controlling Variation in *Streptomycetes*  
*Ann. N.Y. Acad. Sci.*, 81:899-905, 1959.

Genetic Interactions within Heterokaryons of *Streptomycetes*  
*Ann. N.Y. Acad. Sci.*, 81:811-823, 1959.

Genetic Analysis of Segregants from Heterokaryons of *Streptomyces Coelicolor*  
*J. Bact.*, 76:464-470, 1958.
