36" Length

Electric Motion Co.

EM 3955-6S/8100-15 BARP<sup>(3)</sup>

EM 3955-6S/8100-36 BARP<sup>(3)</sup>

**Notes:**

<sup>(1)</sup>Restricted for use only where location of buried service wire shields is required at dairy or hog farm facilities to help alleviate stray voltage effects.

<sup>(2)</sup>When these harness wires are used, a warning tag shall be placed on the buried service wire to alert the technician that a voltage difference may be present and that temporary bond strap shall be applied between the service wire shield and connector plate of the buried plant housing before performing any work in the buried plant housing. The temporary bond shall be removed after work is completed in the buried plant housing.

<sup>(3)</sup>Harnesses are equipped with Electric Motion's EM 3955-BARP shield isolation connector at one end for attachment to the bare metal shield of the service wire.
