How to Complete Your CCR Registration

In order to complete a minimum registration, enter a valid value for all of the required data fields, then press the "Validate/Save Data" button located at the bottom of each page to save your data. You must do this for each Required Information page in order to save the data. Once you have completed all of the Required Information pages with 0 errors, the Registration Status box (located at the bottom left of your screen) will say "CCR Update Accepted." At this time you will have completed your registration and may quit or add additional information.

If you quit without completing all required fields with zero errors, you can return at any time and finish your registration by logging in with your user ID and password then selecting Edit in the Registration Column on the User Account page. The registration will not process until all errors have been corrected, and all mandatory fields have been entered.

Upon successful registration of your Trading Partner Profile (TPP) into CCR, validation will take approximately 24-48 hours to complete. If approved, you will receive an email advising of your acceptance into the CCR system. Any CCR correspondence regarding your TPP will be sent via email to the CCR Primary and Alternate Points of Contact (POC). If you do not receive email from ccremail@bpn.gov within 72 hours, please contact the CCR Helpdesk at 1-888-227-2423 or 269-961-5757 for international calls.

The maintenance and accuracy of your TPP is your responsibility. To maintain an Active status in CCR and to ensure continued payments on existing contracts, you must renew your registration annually.
