

PROGRAM INTEGRATION AND CONTROL

**Addendum 4 - LIST OF INSTALLATION-ACCOUNTABLE GOVERNMENT
PROPERTY**

The Government will provide the production and development environments including networks, hardware, system software, commercial-off-the-shelf (COTS) tools, databases and application software, and documentation available at contract award and depicted in the attached tables.

In addition, NASA's estimate of office space available (including computer workstations and other services listed in Section G, Clause G.5, NFS 1852.245-71, Installation-Accountable Government Property (SEPT 2007) Alternate I Deviation (SEPT 2007), for on-site Program Integration and Control contract personnel for the following building:

Building 4 South: 149
