PART I: INTRODUCTION

The Help America Vote Act (HAVA), signed into law by President George W. Bush on October 29, 2002, contains several provisions that will enable State and local units of government responsible for elections and individuals associated with operating the election process to establish, expand, and improve access to and participation in the election process by individuals with the full range of disabilities [disabilities such as blindness and visual

impairment, deafness or hearing impairment, mobility-related, dexterity-related, emotional or intellectual].

A. BACKGROUND

On February 20, 2003, in P.L. 108-7, the Miscellaneous Appropriations Act of 2003, the Congress appropriated \$13 million for the Election Assistance for Individuals with Disabilities (EAID) grant program for States and \$2 million for payments for Protection and Advocacy Systems. HAVA assigned responsibility for the EAID to the Secretary of Health and Human Services (the Secretary), who has assigned responsibility for carrying out this program to the Administration for Children and Families (ACF). Within ACF, the Administration on Developmental Disabilities (ADD) is responsible for the administration of the EAID grant program. In addition to the EAID grant program, HAVA, in title II, Subtitle D, also authorizes the Secretary to pay the Protection and Advocacy System (P&A) (as defined in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (DD Act)) of each State to ensure full participation in the electoral process by individuals with disabilities, including registering to vote, casting a vote, and accessing polling places.

CFDA Number: The Catalog of Federal Domestic Assistance number is 93.618.

B. ELIGIBLE GRANTEES

The Protection and Advocacy System of each State and Territory under the Developmental Disabilities Assistance and Bill of Rights Act of 2000.

C. USE OF FUNDS

Section 291 of HAVA provides that funds be made available to the Protection and Advocacy System of each State and Territory to ensure full participation in the electoral process for individuals with disabilities, including registering to vote, casting a vote, and accessing polling places. Grant funds are for the purpose of providing services to individuals with disabilities within the State, as well as education and advocacy that ensure the full participation of individuals with disabilities in the electoral process.

As provided by Section 292(a), none of the HAVA funds provided to a P&A System may be used to initiate or otherwise participate in any litigation connected to election-related disability access, notwithstanding the general authorities that the Protection and Advocacy Systems are otherwise afforded under subtitle C of Title I of the Developmental Disabilities Assistance and Bill of Rights Act of 2000.

P&A Systems are strongly encouraged to use the funds to provide education, training and assistance to individuals with disabilities that will promote their participation in the electoral process. Such activities include, but are not limited to, education regarding voter registration,

providing individuals with disabilities the opportunity to register to vote, providing education to individuals with disabilities regarding their legal rights pertaining to voting, providing assistance to individuals with disabilities in accessing the polls on Election Day.

P&A Systems may use grant funds to participate in advocacy and education efforts revolving around all HAVA implementation efforts in their State. Such activities may include, but are not limited to, participation on the HAVA State Planning Committee, any subcommittees or coalition efforts regarding the State Plan, review of the work of the Committee, providing comments regarding the State Plan, and review, advocacy, and education concerning the enactment of HAVA State legislation.

P&A Systems may participate in the training and education of election officials, poll workers and election volunteers regarding the rights of the voters with disabilities and best practices in working with individuals with disabilities. Training and education activities may include, but are not limited to, providing training and participating in the development of training and education programs for election officials and poll workers.

P&A Systems may use the grant funds to assist individuals with disabilities in filing complaints under the state-based administrative grievance procedure required by HAVA and to represent individuals with disabilities in any hearings that may be held regarding the complaint.

P&A Systems may provide assistance to States and other governmental entities regarding the physical accessibility of polling places, such as surveying polling places, identifying potential modifications to make specific polling places accessible and developing criteria for identifying accessible polling places.

P&A Systems may use the funds to obtain training and technical assistance on voting issues, including education regarding accessible voting equipment and systems.

D. AVAILABILITY AND DISTRIBUTION OF FUNDS

Congress appropriated \$2 million for payments to P&A Systems for Federal Fiscal Year (FY) 2003. These funds will be distributed in the following manner:

Approximately \$140,000 (seven percent of the appropriated amount) must be set aside for payment to eligible entities to provide training and technical assistance with respect to the activities carried out under section 291.

The remainder of the 2003 appropriation, approximately \$1.86 million, will be distributed to the Protection and Advocacy Systems, as described below:

1. Section 291(b) provides that the funds available for distribution to the P&A systems under the HAVA program will be allotted as follows:

- a. The funds (approximately \$1.86 million) will be allotted proportionately among the States and Territories based on the population of the State's ratio to the population of all States, as set forth in subsections (c) (3), (c) (4), and (c) (5), (e), and (g) of section 509 of the Rehabilitation Act of 1973 (29 U.S.C. 794e), except that no State shall receive less than \$70,000 and no Territory will receive less than \$35,000.
- b. The Miscellaneous Appropriations law, P.L. 108-7, provided \$2 million for section 291(b). The minimum amounts have been reduced proportionately (Attachment A).

Attachment A provides the tentative allocations for each State. The tentative allocations are based on the premise that all States will apply for and receive the funds available to them. In the event that not all States apply for or receive their tentative allocations, those funds will be redistributed proportionately among eligible States.

PART II: PAYMENT APPLICATION INSTRUCTIONS
