A credit is allowed to an individual, corporation, partnership, or small business corporation for equipment and labor costs incurred during the tax year to convert a motor vehicle licensed in Montana to operate on alternative fuel.

Alternative fuels are defined as natural gas, liquefied petroleum gas, liquefied natural gas, hydrogen, electricity or any other fuel if at least 85% (.85) of the fuel is methanol, ethanol or other alcohol, ether, or any combination of these.

This credit cannot exceed the taxpayer's income tax liability and it cannot be carried back or carried forward. Alternative fuel credits earned by partnerships and small business corporations must be allocated to the partners or shareholders using the same proportion used to allocate income or loss from the partnership or small business corporation.

Complete this form to calculate your credit. You must complete a separate form for each vehicle converted.
