2007 Montana Homeowner Income Tax Credit for Property Taxes

Your social security number

The \$140 Montana Homeowner Income Tax Credit for Property Taxes on Residential Property is based on property taxes you paid during 2007 on a principal residence you occupied as the owner for at least seven months in 2007. If you moved during the year, you are still eligible for the refundable tax credit as long as the total amount of time you owned and occupied a Montana residence was at least seven months.

Your first name and initial

Last name

Please note: You must have been the direct owner of the residence in order to be eligible for the credit. If your residence was owned by a partnership, corporation or other legal entity, the credit cannot be claimed even if you own interest in the entity. Also, only one claim can be made with respect to any property.

You may file for and receive this refundable tax credit even if your income for 2007 is below the filing threshold and you are not required to file an individual income tax return. If you are required to file a Montana individual income tax return and you qualify for this refundable tax credit, you can claim this credit when you file.

Qualified individuals who are 62 or older may also be eligible to claim the Elderly Homeowner/Renter Credit on Form 2EC in addition to this credit.
