TREASURY NOVEMBER QUARTERLY FINANCING

The Treasury will auction \$15,000 million of 5-year notes and \$10,000 million of 9-3/4-year 6% notes to refund \$29,319 million of publicly held securities maturing November 15, 1999, and to pay down about \$4,319 million.

In addition to the public holdings, Federal Reserve Banks hold \$4,325 million of the maturing securities for their own accounts, which may be refunded by issuing additional amounts of the new securities.

The maturing securities held by the public include \$4,042 million held by Federal Reserve Banks as agents for foreign and international monetary authorities. Amounts bid for these accounts by Federal Reserve Banks will be added to the offering.

TreasuryDirect customers requested that we reinvest their maturing holdings of approximately \$164 million into the 5-year note and \$9 million into the 9-3/4-year note.

Both of the auctions being announced today will be conducted in the single-price auction format. All competitive and noncompetitive awards will be at the highest yield of accepted competitive tenders.

The notes being offered today are eligible for the STRIPS program.

This offering of Treasury securities is governed by the terms and conditions set forth in the Uniform Offering Circular for the Sale and Issue of Marketable Book-Entry Treasury Bills, Notes, and Bonds (31 CFR Part 356, as amended).

Details about the notes are given in the attached offering highlights.
