TREASURY OFFERS 13-WEEK AND 26-WEEK BILLS

The Treasury will auction two series of Treasury bills totaling approximately \$16,000 million to refund \$15,232 million of publicly held securities maturing July 6, 2000, and to raise about \$768 million of new cash.

In addition to the public holdings, Federal Reserve Banks for their own accounts hold \$8,129 million of the maturing bills, which may be refunded at the highest discount rate of accepted competitive tenders. Amounts issued to these accounts will be in addition to the offering amount.

The maturing bills held by the public include \$2,869 million held by Federal Reserve Banks as agents for foreign and international monetary authorities, which may be refunded within the offering amount at the highest discount rate of accepted competitive tenders. Additional amounts may be issued for such accounts if the aggregate amount of new bids exceeds the aggregate amount of maturing bills.

TreasuryDirect customers requested that we reinvest their maturing holdings of approximately \$854 million into the 13-week bill and \$817 million into the 26-week bill.

Due to an early market closing on Monday, July 3, 2000, the closing times for both auctions will be 11:00 a.m. EDST for noncompetitive tenders and 11:30 a.m. EDST for competitive tenders.

This offering of Treasury securities is governed by the terms and conditions set forth in the Uniform Offering Circular for the Sale and Issue of Marketable Book-Entry Treasury Bills, Notes, and Bonds (31 CFR Part 356, as amended).

Details about each of the new securities are given in the attached offering highlights.
