TREASURY OFFERS 13-WEEK AND 26-WEEK BILLS

The Treasury will auction two series of Treasury bills totaling approximately \$18,000 million to refund \$16,650 million of publicly held securities maturing August 24, 2000, and to raise about \$1,350 million of new cash.

In addition to the public holdings, Federal Reserve Banks for their own accounts hold \$9,982 million of the maturing bills, which may be refunded at the highest discount rate of accepted competitive tenders. Amounts issued to these accounts will be in addition to the offering amount.

The maturing bills held by the public include \$3,478 million held by Federal Reserve Banks as agents for foreign and international monetary authorities. Up to \$3,000 million of these securities may be refunded within the offering amount in each of the auctions of 13-week bills and 26-week bills at the highest discount rate of accepted competitive tenders. Additional amounts may be issued in each auction for such accounts to the extent that the amount of new bids exceeds \$3,000 million.

TreasuryDirect customers requested that we reinvest their maturing holdings of approximately \$915 million into the 13-week bill and \$840 million into the 26-week bill.

This offering of Treasury securities is governed by the terms and conditions set forth in the Uniform Offering Circular for the Sale and Issue of Marketable Book-Entry Treasury Bills, Notes, and Bonds (31 CFR Part 356, as amended).

Details about each of the new securities are given in the attached offering highlights.
