TREASURY OFFERS 13-WEEK AND 26-WEEK BILLS

The Treasury will auction two series of Treasury bills totaling approximately \$16,000 million to refund \$13,177 million of publicly held securities maturing October 29, 1998, and to raise about \$2,823 million of new cash.

In addition to the public holdings, Federal Reserve Banks for their own accounts hold \$6,793 million of the maturing bills, which may be refunded at the average discount rate of accepted competitive tenders. Amounts issued to these accounts will be in addition to the offering amount.

The maturing bills held by the public include \$2,919 million held by Federal Reserve Banks as agents for foreign and international monetary authorities, which may be refunded within the offering amount at the average discount rate of accepted competitive tenders. Additional amounts may be issued for such accounts if the aggregate amount of new bids exceeds the aggregate amount of maturing bills.

Tenders for the bills will be received at Federal Reserve Banks and Branches and at the Bureau of the Public Debt, Washington, D.C. This offering of Treasury securities is governed by the terms and conditions set forth in the Uniform Offering Circular (31 CFR Part 356, as amended) for the sale and issue by the Treasury to the public of marketable Treasury bills, notes, and bonds.

Details about each of the new securities are given in the attached offering highlights.
