TREASURY OFFERS 13-WEEK AND 26-WEEK BILLS

The Treasury will auction 13-week and 26-week Treasury bills totaling \$29,000 million to refund an estimated \$28,997 million of publicly held 13-week and 26-week Treasury bills maturing September 19, 2002, and to raise new cash of approximately \$3 million. Also maturing is an estimated \$26,000 million of publicly held 4-week Treasury bills, the disposition of which will be announced September 16, 2002.

The Federal Reserve System holds \$13,750 million of the Treasury bills maturing on September 19, 2002, in the System Open Market Account (SOMA). This amount may be refunded at the highest discount rate of accepted competitive tenders either in these auctions or the 4-week Treasury bill auction to be held September 17, 2002. Amounts awarded to SOMA will be in addition to the offering amount.

Up to \$1,000 million in noncompetitive bids from Foreign and International Monetary Authority (FIMA) accounts bidding through the Federal Reserve Bank of New York will be included within the offering amount of each auction. These noncompetitive bids will have a limit of \$100 million per account and will be accepted in the order of smallest to largest, up to the aggregate award limit of \$1,000 million.

TreasuryDirect customers have requested that we reinvest their maturing holdings of approximately \$1,018 million into the 13-week bill and \$698 million into the 26-week bill.

The allocation percentage applied to bids awarded at the highest discount rate will be rounded up to the next hundredth of a whole percentage point, e.g., 17.13%.

This offering of Treasury securities is governed by the terms and conditions set forth in the Uniform Offering Circular for the Sale and Issue of Marketable Book-Entry Treasury Bills, Notes, and Bonds (31 CFR Part 356, as amended).

Details about each of the new securities are given in the attached offering highlights.
