Employer	121	99	4	1	14	20	103	78

*Low precision; no estimate reported.

NOTE: Any Illicit Drug includes marijuana/hashish, cocaine (including crack), heroin, hallucinogens, inhalants, or any prescription-type psychotherapeutic used nonmedically.

NOTE: Received Any Illicit Drug Treatment refers to treatment received in order to reduce or stop drug use, or for medical problems associated with drug use. It includes treatment received at any location, such as a hospital, at a rehabilitation facility (inpatient or outpatient), mental health center, emergency room, private doctor's office, self-help group, or prison/jail.

NOTE: If respondents reported that they were currently receiving treatment, they were asked questions regarding the sources of payment for their current treatment; otherwise, questions pertained to the last treatment they received.

^aDifference between estimate and 2003 estimate is statistically significant at the 0.05 level.

^bDifference between estimate and 2003 estimate is statistically significant at the 0.01 level.

¹ Respondents could indicate multiple sources of payment for their last or current treatment; thus, these response categories are not mutually exclusive.
