

NWCG Data Standard
STATE AND LAND OWNER FINAL FIRE ACRE
QUANTITY

Discussion Paper

December 18, 2007

(updated May 28, 2008, to reflect data attribute name change)

The diagram below shows a 100 acre fire (circle) in two states with 3 landowners (BLM, BIA and USFS).

The Final Fire Acres by Land Owner and State would be recorded as shown below.

- Utah acres – 50
 - Utah BIA acres = 25
 - Utah USFS acres = 25
- Colorado acres – 50
 - Colorado BLM acres = 25
 - Colorado USFS acres = 25
