DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institute for Occupational Safety and Health; Designation of a Class of Employees for Addition to the Special Exposure Cohort

AGENCY: National Institute for Occupational Safety and Health (NIOSH), Department of Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: The Department of Health and Human Services (HHS) gives notice of a decision to designate a class of employees at the Ames Laboratory, Ames, Iowa, as an addition to the Special Exposure Cohort (SEC) under the Energy Employees Occupational Illness Compensation Program Act of 2000. On September 12, 2007, the Secretary of HHS designated the following class of employees as an addition to the SEC:

Sheet metal workers, physical plant maintenance and associated support staff (including all maintenance shop personnel), and supervisory staff who were monitored or should have been monitored for potential internal radiation exposures associated with the maintenance and renovation activities of the thorium production areas in Wilhelm Hall (a.k.a. the Metallurgy Building or "Old" Metallurgy Building) at the Ames Laboratory from January 1, 1955, through December 31, 1970, for a number of work days aggregating at least 250 work days or in combination with work days within the parameters established for one or more other classes of employees in the Special Exposure Cohort.

This designation will become effective on October 12, 2007, unless Congress provides otherwise prior to the effective date. After this effective date, HHS will publish a notice in the **Federal Register** reporting the addition of this class to the SEC or the result of any provision by Congress regarding the decision by HHS to add the class to the SEC.

Agency for Healthcare Research and Quality

AHRQ Health Care Innovations Exchange

AGENCY: Agency for Healthcare Research and Quality (AHRQ), HHS.

ACTION: Notice of Submission of Innovations.

SUMMARY: To support its objective of accelerating the diffusion and adoption of innovative health care delivery changes, the Agency for Healthcare Research and Quality (AHRQ) recently launched version 1.0 of the AHRQ Health Care Innovations Exchange (HCIE) Web site, <http://www.innovations.ahrq.gov>. The HCIE is a new initiative designed to support health care professionals in sharing and adopting innovations that improve health care quality. Version 1.0 of the Web site is focused on stimulating creativity and innovation and will serve as a virtual place to which innovators will be encouraged to submit their innovations and experiences from which potential adopters can begin learning about the nuances of implementation.

In Spring 2008, AHRQ will deploy version 2.0 of its Health Care Innovations Exchange site making hundreds of profiles of health care service innovations of varying degrees of novelty and scientific rigor accessible to the public. Version 2.0 will also offer expert commentary; stories; tools; lessons learned; "change packages"—sets of innovations implemented simultaneously; expanded content on implementation; and opportunities to learn and network.

To build the database of innovations profiles, AHRQ invites submissions of
