

SCHEDULE RC-A -- CASH AND BALANCES DUE FROM DEPOSITORY INSTITUTIONS

General Instructions

Schedule RC-A is not applicable to banks filing the FFIEC 034.

On the FFIEC 031, this schedule has two columns for reporting detail on "Cash and balances due from depository institutions." In column A report amounts for the fully consolidated bank, and in column B report amounts for domestic offices only. See the Glossary entry for "domestic office" for the definition of this term. Refer to the General Instructions section of this book for a detailed discussion of consolidation.

On the FFIEC 032 and 033, this schedule has a single column for reporting detail on "Cash and balances due from depository institutions."

For purposes of these reports, deposit accounts "due from" other depository institutions that are overdrawn are to be reported as borrowings with a remaining maturity of one year or less in Schedule RC, item 16.a, except overdrawn "due from" accounts arising in connection with checks or drafts drawn by the reporting bank and drawn on, or payable at or through, another depository institution either on a zero-balance account or on an account that is not routinely maintained with sufficient balances to cover checks or drafts drawn in the normal course of business during the period until the amount of the checks or drafts is remitted to the other depository institution (in which case, report the funds received or held in connection with such checks or drafts as deposits in Schedule RC-E until the funds are remitted). For further information, refer to the Glossary entry for "overdraft."

Treatment of reciprocal balances with depository institutions -- Reciprocal balances arise when two depository institutions maintain deposit accounts with each other, i.e., when a reporting bank has both a "due from" and a "due to" balance with another depository institution. Reciprocal balances between the reporting bank and other depository institutions may be reported on a net basis when a right of setoff exists. Net "due from" balances should be reported in this schedule. Net "due to" balances should be reported as deposit liabilities in Schedule RC-E. See the Glossary entry for "offsetting" for the conditions that must be met for a right of setoff to exist. See also the Glossary entry for "reciprocal balances."

Exclude from this schedule:

- (1) All intrabank transactions, i.e., all transactions between any offices of the consolidated bank.
- (2) Claims on banks or other depository institutions that the reporting bank holds for trading purposes (report in Schedule RC, item 5, "Trading assets").
- (3) Deposit accounts "due to" other depository institutions that are overdrawn (report in Schedule RC-C, part I, item 2, "Loans to depository institutions").
- (4) Loans to depository institutions (report in Schedule RC-C, part I, item 2).

Item Instructions**Item No. Caption and Instructions**

- 1 Cash items in process of collection, unposted debits, and currency and coin.** On the FFIEC 031, report this item as a single total for the fully consolidated bank in column A, but with a breakdown between cash items in process of collection and unposted debits (item 1.a) and currency and coin (item 1.b) for domestic offices of the bank in column B. On the FFIEC 032 and 033, report cash items in process of collection and unposted debits in item 1.a and currency and coin in item 1.b.

Cash items in process of collection include:

- (1) Checks or drafts in process of collection that are drawn on another depository institution (or on a Federal Reserve Bank) and that are payable immediately upon presentation in the United States (or, for purposes of the FFIEC 031, in the country where the reporting bank's office which is clearing or collecting the check or draft is located). This includes:
 - (a) Checks or drafts drawn on other institutions that have already been forwarded for collection but for which the reporting bank has not yet been given credit ("cash letters").
 - (b) Checks or drafts on hand that will be presented for payment or forwarded for collection on the following business day.
 - (c) Checks or drafts that have been deposited with the reporting bank's correspondent and for which the reporting bank has already been given credit, but for which the amount credited is not subject to immediate withdrawal ("ledger credit" items).
 However, if the reporting bank has been given immediate credit by its correspondent for checks or drafts presented for payment or forwarded for collection and if the funds on deposit are subject to immediate withdrawal, report the amount of such checks or drafts in Schedule RC-A, item 2, "Balances due from depository institutions in the U.S.," or item 3, "Balances due from banks in foreign countries and foreign central banks."
- (2) Government checks drawn on the Treasurer of the United States or any other government agency that are payable immediately upon presentation and that are in process of collection.
- (3) Such other items in process of collection that are payable immediately upon presentation and that are customarily cleared or collected as cash items by depository institutions in the United States or in such other country where the reporting bank's office which is clearing or collecting the item is located, such as:
 - (a) Redeemed United States savings bonds and food stamps.
 - (b) Amounts associated with automated payment arrangements in connection with payroll deposits, federal recurring payments, and other items that are credited to a depositor's account prior to the payment date to ensure that the funds are available on the payment date.
 - (c) Federal Reserve deferred account balances until credit has been received in accordance with the appropriate time schedules established by the Federal Reserve Banks. At that time, such balances should be reported in Schedule RC-A, item 4, "Balances due from Federal Reserve Banks."
 - (d) Checks or drafts drawn on another depository institution that have been deposited in one office of the reporting bank and forwarded for collection to another office of the reporting bank.

Item No. Caption and Instructions

(cont.) (e) Brokers' security drafts and commodity or bill-of-lading drafts payable immediately upon presentation in the U.S. (See the Glossary entries for "broker's security draft" and "commodity or bill-of-lading draft" for the definitions of these terms.)

Exclude from cash items in process of collection:

- (1) Cash items for which the reporting bank has already received credit, provided that the funds on deposit are subject to immediate withdrawal (report in Schedule RC-A, item 2, 3, or 4, below, as appropriate).
- (2) Credit or debit card sales slips in process of collection (report as noncash items in Schedule RC-F, item 4, "Other" assets). However, when the reporting bank has been notified that it has been given credit, the amount of such sales slips should be reported in Schedule RC-A, item 2, "Balances due from depository institutions in the U.S.," or item 3, "Balances due from banks in foreign countries and foreign central banks," as appropriate.
- (3) Cash items not conforming to the definition of in process of collection, whether or not cleared through Federal Reserve Banks (report in Schedule RC-F, item 4, "Other" assets).
- (4) Commodity or bill-of-lading drafts (including arrival drafts) not yet payable (because the merchandise against which the draft was drawn has not yet arrived), whether or not deposit credit has been given. (If deposit credit has been given, report as loans in the appropriate item of Schedule RC-C, part I; if the drafts were received on a collection basis, they should be excluded entirely from the bank's balance sheet, Schedule RC, until the funds have actually been collected.)

Unposted debits are cash items in the bank's possession, drawn on itself, that are immediately chargeable, but that have not been charged to the general ledger deposit control account at the close of business on the report date. All banks including an amount for unposted debits in this item should also see Schedule RC-O, item 1.a or 1.b, "Unposted debits."

Currency and coin include both U.S. and foreign currency and coin owned and held in all offices of the reporting bank, currency and coin in transit to a Federal Reserve Bank or to any other depository institution for which the reporting bank has not yet received credit, and currency and coin in transit from a Federal Reserve Bank or from any other depository institution for which the reporting bank's account has already been charged. Foreign currency and coin should be converted into U.S. dollar equivalents as of the report date.
