

- 1 2) That until new management direction is adopted, across the ENF (except in the Rock
2 Creek Recreational Trails Area, where more specific direction is provided in
3 paragraph 3 below) the Forest Service will restrict private party use of wheeled motor
4 vehicles (excluding administrative use by the Forest Service or its agents, other
5 permitted uses, or uses under valid pre-existing rights) to National Forest System
6 roads open for public use, and National Forest System trails managed for OHV use
7 and open for public use;
- 8 3) That on or before October 31, 2006, the Forest Service will supplement the Rock
9 Creek Recreation Trail Plan Environmental Impact Statement as specified by the
10 Court in its Order of February 15, 2005. In the interim, the Forest Service will
11 continue to follow the management direction in the Rock Creek Recreational Trails
12 Plan Record Of Decision with regard to OHV use, operations, trail maintenance, trail
13 closures, restoration, and recreation events, except that the Forest Service will delay
14 implementation of new trail construction and reroutes until a supplement to the Rock
15 Creek Recreational Trails Plan EIS is completed; and
- 16 4) That on or before June 1, 2006, the Forest Service shall file with the Court and all
17 parties a status report setting forth the progress it has made toward compliance with
18 this Order.
