

Credit Union Name  
 Charter#

Zip Code	# of Members in the Zip Code	Median Household Income (MHI)	# of Members in Low Income Area MHI <\$33,595	# of Members in Not a LI Area MHI>\$33,595
----------	------------------------------	-------------------------------	--	---

**Total**                      **# of Members in Credit Union**                      **# of Members in LI Area**

Example of a credit union with only 75 members.				
35006	25	34856		25
35034	50	23258	50	
<b>Total Members</b>	<b>75</b>		<b>50</b>	<b>25</b>
Therefore 50 of the 75 members live in low income areas or 66 percent of the total members are in low-income areas.				
The percentage of members is higher than 50 percent - this credit union could apply to become a low-income designated credit union.
