MEMORANDUM #121

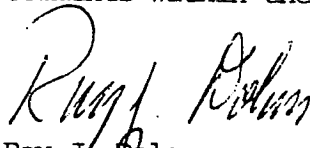

TO: ALL GOVERNMENT CONTRACTING AGENCIES OF THE  
FEDERAL GOVERNMENT AND THE DISTRICT OF COLUMBIA

SUBJECT: Semi-Annual Enforcement Report

We have recently been requested by various contracting agencies to delete from our Semi-Annual Enforcement Report issued pursuant to section 5.7(b) of Regulations, Part 5, the requirement for reporting data on nonconstruction contracts subject to the Contract Work Hours and Safety Standards Act.

Since this report serves as a tool for measuring the effectiveness of enforcement activities with respect to labor standards on construction contracts subject to the Davis-Bacon Act and the Related Acts, it has been decided to delete all reporting requirements for contracts other than construction contracts subject to such Acts. Therefore, effective for reports due July 31, 1975, it will no longer be necessary to file data for nonconstruction contracts subject to the Contract Work Hours and Safety Standards Act.

Additional changes in the report are being contemplated. A draft of a revised form will be circulated among contracting agencies for comments within the next few months.
