SECTION 1

EMPLOYMENT AND TRENDS OF FEDERAL CIVILIAN WORKFORCE STATISTICS SEPTEMBER 2000

This section contains recent data “as of” the date printed on the publication cover. Selected tables also contain data for the previous month. **EMPLOYMENT AND TRENDS** is published on a bi-monthly basis; however, data for the non-published months and for non-published tables will be furnished upon request. To request data for non-published months, cite the table(s) number needed and send requests in writing to: Workforce Statistics Division, U.S. Office of Personnel Management, Theodore Roosevelt Building (Room 7439), 1900 E Street, NW., Washington, DC 20415-6000.

The personnel summaries in **Table 1 and 17** present highlights of the information in **Tables 2-16 and 18-31**. **Table 2** compares the current and previous month's Federal civilian employment by branch, agency, and area. **Tables 3-6 and 16** include 13-month trends for employment, payrolls, Executive Branch employment by work schedule, and turnover.

Employment figures reflect an on-board “head count” of the workforce at the end of the report period. Monthly payroll varies from 20 to 30 work days depending upon the report cycle. This includes all salary and wages paid to all employees working during the month regardless of whether or not they were on-board at the end of the month.

Due to the lag in reporting of transfers and variations in agency reporting periods, the net difference in turnovers (accessions and separations) may not necessarily balance with net monthly changes in employment. For example, a former agency does not prepare a separation personnel action for an employee who transfers to another agency until an accession notice is received from the new agency.

Where figures are expressed in thousands, each is rounded independently and not forced to add to rounded totals. All figures are subject to revision. Several tables present employment data for the Washington, DC-MD-VA-WV Metropolitan Statistical Area (MSA). The Washington, DC–Maryland–Virginia–West

Virginia MSA includes the District of Columbia; Arlington, Fairfax, Loudoun, Prince William, Stafford, and Clarke, Culpeper, Fauquier, King George, Spotsylvania, and Warren Counties; the Cities of Alexandria, Fairfax, Falls Church, Manassas, Manassas Park, and Fredericksburg in Virginia; and Calvert, Charles, Frederick, Montgomery, and Prince Georges Counties in Maryland; and Berkeley and Jefferson Counties in West Virginia.

SPECIAL NOTE TO READERS REGARDING EXECUTIVE BRANCH EMPLOYMENT CONTROLS

The employment data contained in this publication represents on-board “head count” strength reporting which differs from full-time equivalent employment (FTE) figures primarily used by Office of Management and Budget (OMB) to manage agency's personnel ceilings. Beginning in Fiscal Year 1982, the full-time equivalent (FTE) **resource management system** replaced the Executive Branch numerical end-of-year personnel ceilings which had been used to control the size of the Federal workforce for many years. Under the FTE system, workforce estimates assigned to agencies are based on the number of work years required to achieve agency missions and objectives. (One work year is equivalent to 2,080 hours of work which could mean, for example, one employee on a full-time schedule of 40 hours for 52 weeks, or two part-time employees for 20 hours per week each for the same period.) The work year estimate assigned is based on the maximum cumulative number of hours that can be worked by **all** employees covered by employment controls, including full-time, part-time, and intermittent employees. Work years (or FTE) are not defined as employee “head counts” and should not be confused with employment levels and trends. OMB assigns and controls the work year estimates. None of the data presented in this Section reflect work years or FTE.

FEDERAL CIVILIAN WORK YEARS AND PERSONNEL COSTS

FISCAL YEAR 1999

by British Morrison

Introduction

This article summarizes the fiscal year 1999 Survey of Work Years and Personnel Costs conducted by the Office of Personnel Management. The results of this survey have been published annually since 1970. Data for this survey were obtained from Executive Branch agencies with 100 or more employees. The U.S. Postal Service (including rural carriers) also participated in this survey.

Work Years and Personnel Costs

Overall, total civilian (including the United States Postal Service) work years increased by 1.3 percent from 2,732,009 in FY 1998 to 2,767,963 in FY 1999. Changes by category of work years were as follows: full-time permanent (2.3 million, up 32,000), full-time temporary (up 4,000 to 94,000), part-time and intermittent (up 9,000 to 223,000), plus overtime and holiday premium work years (down 10,000 to 117,000). The U.S. Postal Service represented 75 percent of part-time and intermittent employees and 59 percent of overtime and holiday work years. Basic work years, excluding overtime and holiday work years, accounted for 95.8 percent of the total work years. **Chart 1** shows that almost half of the total work years were reported under the General Schedule pay system. The U.S. Postal Service accounted for another 33.2 percent.

Total payroll costs (including the U.S. Postal Service and representing basic, premium, benefit, and separation pay) increased 4.4 percent to \$156.1 billion in FY 1999. Based on total work years, the cost per work year rose 3.0 percent to \$56,390. Direct pay increased by 3.0 percent to \$44,876 while benefits increased by 3.0 percent to \$11,515 during FY 1999. **Table 1** summarizes FY 1999 work years and personnel costs data for all other agencies and the U.S. Postal Service.

Basic Pay and Average Basic Salary

Basic pay, which represents over 73 percent of total personnel costs increased by 4.4 percent to \$113.5 billion for FY 1999. Approximately 52 percent of basic pay went to General Schedule

employees (\$59.2 billion), 27 percent to U.S. Postal workers (\$31.0 billion), and 7 percent to Wage Board (blue-collar) employees (\$8.2 billion). The remaining 13 percent was spread among the many other pay systems. The smallest and largest average basic salaries were reported by Wage Board non-U.S. citizens employed in foreign areas (\$24,292) and the Senior Executive Service (\$121,624), respectively.

Premium Pay

In FY 99, total premium pay (\$10.7 billion) increased by 4.4 percent; due to a significant increase in the U.S. Postal Service's premium pay which was up \$137.0 million or 2.9 percent.

The U.S. Postal Service and Defense represented 66 percent of total overtime pay (52 and 14 percents, respectively). **Table 2** summarizes FY 1999 premium pay data for all other agencies and the U.S. Postal Service.

Benefits

Employee benefit pay includes only direct costs to Federal agencies; it does not reflect payments from the general fund made through special appropriations (e.g., the Federal Government's payments to cover unfunded retirement liability). In FY 1999, employee benefit pay amounted to \$31.5 billion. Benefit pay represented 20.2 percent of total personnel costs, and 27.7 percent of basic costs. Major benefits included \$13.7 billion paid to the Federal civilian retirement systems (primarily the Civil Service and the Federal Employees Retirement Systems), \$6.0 billion to the Federal Insurance Contributions Act (Social Security System), and \$7.2 billion for employee Health Insurance. **Table 3** summarizes FY 1999 benefit costs data for all other agencies and the U.S. Postal Service.

Leave Usage For Leave Year (LY) 1999

The following data on leave usage by Federal civilian employees are estimated from the Office of Personnel Management's Annual Survey of Work Years and Personnel Costs.

Annual leave (51.4 percent of total leave days used) includes the number of days paid for but not worked and charged to annual leave, home leave, and lump-sum payments made to employees at the time of separation.

Sick leave (23.0 percent of total leave days used) includes the number of days charged to sick leave for active employees and for those scheduled to be retired for disability.

Holidays (19.7 percent of total leave days used) are the aggregate number of Federal holidays paid for but not worked.

Other Leave for employees covered by 5 U.S.C. 6301 (3.5 percent of total leave days used) includes the aggregate number of days charged to excused absence as defined by 5 CFR 610 and 5 CFR 630. This includes: shore leave (vessel employee), military leave (National Guard and reserve duty), court leave (jury and witness), hazardous weather dismissals, excused absences for registration and voting, civil defense activities, participation in military funerals, blood donations, taking examinations, attending conferences and conventions, representing employee organizations, and leave granted when a field office is closed on a local holiday because Federal work may not be performed. **Also includes excused absence granted as "Time Off Award."**

Other Leave for employees not covered by 5 U.S.C. 6301 (2.3 percent of total leave days used) includes all leave used of all types for employees not covered by 5 U.S.C. 6301. This includes leave for: certain part-time and temporary employees (construction), Panama Canal Zone employees, Veterans Affairs physicians, dentists, and nurses, alien employees in foreign areas, certain teachers, and executive branch officials appointed or designated by the President.

Leave data represent the "leave year", which differs from the calendar year by a few days according to the pay period schedules of the reporting agencies. Leave days used totaled 111,504,774 -- a 9.3 percent increase from LY 1998. The value of leave used by employees during leave year 1999 was \$21,315,896 billion, or 18.8 percent of basic pay. This represented an increase of \$4 million (23.5 percent) from the value of leave used in LY 1998. The average value per leave day used increased from \$169 in 1998 to \$191 in 1999.

During LY 99, the average number of total leave days used (all types) per employee increased 2.9 days to 42.1 days. Excluding "Other" leave, average leave usage per year (i.e., annual, sick, holiday, and other leave for employees covered by 5 U.S.C. 6301) increased 3 days between 1998 (39.4 days) and 1999 (42.4 days) for employees whose leave is covered by Chapter 63 (Section 6301) of title 5, United States Code. The changes in average number of leave days used by type from 1998 to 1999 were: annual leave increased (2.1 days) to 22.3 days; sick leave increased (0.9 days) to 10.0 days; holiday leave increased (0.1 days) to 8.6 days; and other leave for employees covered by 5 U.S.C. 6301 decreased (0.1 days) to 1.5 days.

The number of annual leave days forfeited by Federal employees in leave year 1999 decreased 56,561 days (or 6.5 percent) from the previous year. More than 41.4 million days of annual leave credit were carried over to 1999. The amount of annual leave forfeited by employees due to carry-over limitations was 819,311 days at an estimated loss in value to employees of \$161.6 million in leave year 1999 (versus a loss of \$150.6 million in leave year 1998). Sick leave credited for retirement was 10.8 million days in leave year 1999. This contrasts with 6.6 million days in 1998, 10.0 million days in 1997 and 9.2 million days in 1996. The total number of sick leave days earned was 31,935,715 days (up 1,735,840 days from leave year 1998). Total sick leave days used were 25,696,097 days (up 2,792,504 days from leave year 1998). A total of 145.3 million days of sick leave credit were carried over to 1999.

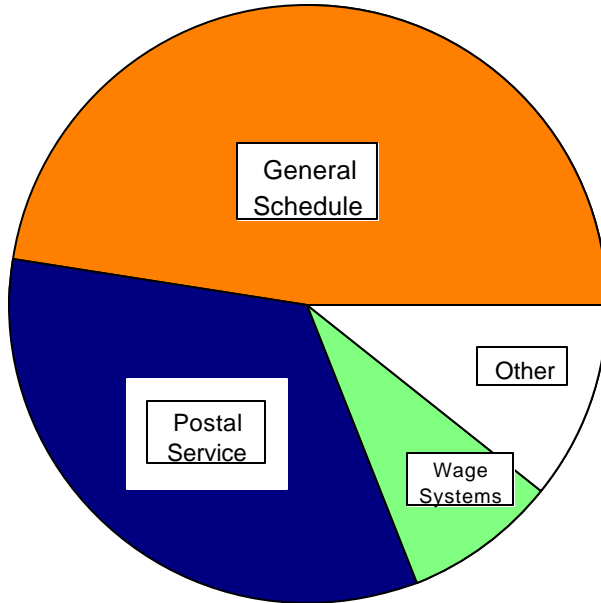

Defense and the U.S. Postal Service, together representing 60 percent of the total employment work years, accounted for 63 percent of annual leave, 61 percent of sick leave, 60 percent of holiday leave, and 55 percent of other leave for employees covered by 5 U.S.C. 6301. Defense agencies and the Postal Service also accounted for 58 percent of annual leave carried over, 63 percent of sick leave carried over, and 79 percent of sick leave credited for retirement. Defense accounted for 53 percent of the annual leave forfeited due to the 240 hours carry-over limitation. **Table 4** shows leave data used and its value for all other agencies and the U.S. Postal Service.

DATA SOURCE, DEFINITIONS, AND ACKNOWLEDGMENTS

INTRODUCTION

Statistics in this report are based on the *Monthly Report of Federal Civilian Employment* (Standard Form 113A). Each department and agency of the Federal Government, except the Central Intelligence Agency, the National Security Agency, National Imagery and Mapping Agency, and the Defense Intelligence Agency, submit statistical data. The Office of Personnel Management (OPM) does not collect personnel data from any State or local governments including the District of Columbia Government. Within this report, employment data are reported under the following categories:

WORK SCHEDULES

Full-time employees - those employees who are regularly scheduled to work the number of hours and days required by the administrative work-week for their employment group or class. (Most full-time employees have an administrative work-week of 5 days of 8 hours each.)

Part-time employees - those employees who are regularly employed on a prearranged scheduled tour of duty which is less than the specified hours or days of work for full-time employees in the same group or class.

Intermittent employees - those employees who are employed on an irregular or occasional basis, with hours or days of work not on a prearranged schedule, and with compensation only for the time actually employed or for services actually rendered. As of January 1979, an intermittent employee who separated prior to the as-of-date of the report is not counted.

POSITIONS

Permanent position - one which has been established without time limit, or for a period of a year or more, or which, in any event, has been occupied for a year or more (regardless of the intent when it was established).

Temporary position - one which has been established for a limited period of less than a year and which has not been occupied for more than a year.

COMPETITIVE SERVICE

The competitive service consists of all civil service positions in the Executive Branch except: (a) positions that are specifically excepted from the competitive service by or under statute; (b) positions to which appointments are made by nomination for confirmation by the Senate, unless the Senate otherwise directs, and (c) positions in the Senior Executive Service. The competitive service also includes civil service positions outside the Executive Branch that are specifically included in the competitive service by statute.

EXCEPTED SERVICE AND SENIOR EXECUTIVE SERVICE

Title IV of the Civil Service Reform Act of 1978 created the Senior Executive Service (SES). Personnel in the Executive Branch in managerial positions classifiable above GS-15 of the General Schedule (GS) and not designated above level IV of the Executive Schedule, or their equivalents, are in the SES. Exceptions include positions in government corporations, intelligence agencies, the Federal Bureau of Investigation, and administrative law judges. The Foreign Service Act of 1980 created a Senior Foreign Service, effective February 15, 1981, which parallels the Senior Executive Service in most respects. Federal employees who are not in the competitive service or SES are in the excepted service. Examples of excepted positions include the entire U.S. Postal Service, Vietnam Era Veterans serving under Veterans Readjustment Act Appointments, positions for which it is not practical to hold competitive examinations such as teachers in dependents' schools overseas and attorneys, positions of a policy-determining and confidential nature, and most positions in the Legislative and Judicial Branches. Foreign nationals holding jobs overseas are excepted by Executive Order.

Several tables in this publication report the number of Federal civilian employees in the competitive service and in the excepted service.

Senior Executive Service employment is included with the excepted service in **EMPLOYMENT AND TRENDS** since both excepted service and Senior Executive Service data are reported together on the 113A monthly report.

APPOINTMENTS

Permanent Appointments - include employees who are (1) in the competitive service who hold career appointments and who either have completed probation or are not required to serve probation; (2) in the competitive service who hold career-conditional appointments, or who hold career appointments and are serving probation; (3) in the excepted service whose appointments carry no restrictions such as conditional, indefinite, specific time limitations, or trial periods; (4) in the excepted service who are serving trial periods or whose tenure is equivalent to career-conditional tenure in the competitive service; and (5) in the Senior Executive Service (SES) who are not serving under “limited term and limited emergency” appointments.

Temporary and Indefinite Appointments - include all other employees who do not fall within any of the classifications described under Permanent Appointments.

CITIZENSHIP

Citizens - direct hire employees who owe allegiance to the United States by birth or naturalization regardless of their place of permanent residence or duty station.

Non-Citizens - Territories - direct hire employees who are citizens of another country and whose duty station is in the Territories of the United States (American Samoa, Baker Island, Guam, Howland Island, Jarvis Island, Johnston Atoll, Kingman Reef, Midway Islands (except Ryukyu Islands and Swan Islands), Navassa Islands, Northern Mariana Islands, Palmyra Atoll, Puerto Rico, Virgin Islands, Wake Island).

Non-Citizens - Foreign Countries - (commonly referred to as “foreign nationals”) direct hire employees who are citizens of another country

and whose duty station is not the United States or its Territories.

Note: Federal civilian employees (citizens and non-citizens) are direct hire employees, i.e., they are under agreement or contract with the U.S. Government. Indirect hires (persons who, under agreement or contract with **foreign governments**, provide personal services to the U.S. Government) are not Federal civilian employees, and are not included in any employment figures in the **EMPLOYMENT AND TRENDS**.

PAYROLL

Payroll is the sum of all wages, salaries and lump sum payments earned by Federal civilian employees. Wages and salaries include gross base pay, overtime, night differential, and holiday pay. Lump sum payments are monies paid for annual leave to employees who have separated from the Federal Government. Payroll data are collected and presented in thousands of dollars.

Please note that, while monthly employment data reflect on-board “head count” employment as of the end of the report period, payroll data reflect salary and wages for all employees who *worked during the period*, whether or not they were on-board at the end of the month. Moreover, “monthly” payroll data could cover from 20 to 30 work days depending on the report cycle. Hence, payroll data is not tied directly to employment figures. Therefore, average salaries, for example, *can not* be calculated based on these monthly data.

ACCESSIONS AND SEPARATIONS

Accessions include appointments from civil service registers which are career or career-conditional appointments, excepted appointments, appointments to the Senior Executive Service, temporary appointments from registers, temporary appointments pending the establishment of registers, reappointments, reinstatements, restorations and returns to duty, and transfers. Separations include quits, discharges, terminations, reductions in force, removals, transfers, extended leave without pay, suspensions, furloughs, deaths, and retirements. Turnover data reflect employees in all work schedules (full-time, part-time, and intermittent) and all tenures (permanent and temporary and

indefinite appointments). In the U.S. Postal Service, turnover data include all categories of Postal employment, both career and non-career; non-career types include temporaries, casuals, and replacements for employees on leave. The publication presents turnover data for the following categories:

Transfers - employees who, without a break in service of one full work day, change from a position in one agency to a position in another agency, including mass transfers of employees between agencies as a result of transfer of functions.

New Hires - new appointments of individuals who currently are not Federal civilian employees to positions in the competitive service, excepted service, and Senior Executive Service, including reinstatements based on prior service.

Restorations, Returns to Duty - includes employees who exercise reemployment rights following military service and those returning to duty following a reduction in force, from suspension or leave without pay that was scheduled to exceed 30 calendar days, from seasonal furlough, or pending action on reopening appeal.

Quits - voluntary resignations by employees or separations by agency if employee declines new assignment (decision not to accept a new job); abandons position (left the job); joins military;

or fails to return from military furlough.

As of January 1979 agencies report employment data either as of (1) the last day of the month, or (2) the last day of the pay period closest to the end of the month, except at the end of the fiscal year when it must be as of the last day of the month to meet Office of Management and Budget reporting requirements. Payroll and Turnover data are reported as of the beginning and through the end of the report period.
