

Shasta Dam Access Permit

The Motion fire burned an excess of 28,000 acres and a restoration project of the burned area on Federal lands is in process to mitigate the damage. Due to the restoration project the Chappie Shasta Off-Highway Vehicle area and the BLM Shasta Campground have been closed. **Access Permits** to cross Shasta Dam have been temporarily suspended until further notice. When the restoration project is completed and the area is open for use, the permit process will be restored.
