

## Veterans' Affairs

Our veterans have made a great sacrifice in their service to our country. I believe they deserve the best healthcare and highest quality services that our VA can provide. I'm working hard in Congress to ensure that our veterans have the best healthcare they possibly can have. I'm doing what I can to hold the Veterans Administration accountable and ensure the VA is equipped to respond in an efficient and timely manner to the many needs of our veterans.

### Action on Veterans' Affairs
