¹ Investigations Timeliness for all investigations closed during this period calculated from receipt of the full request for investigation to the completion of the investigation.

² Adjudication Timeliness calculated for all reported adjudication actions for investigations submitted on/after 10/1/2006 that were taken during this period from the date the investigation was completed through the effective date of the adjudication action. This includes up to 15 days in mail and handling between OPM and the adjudicating agency.

³ End-to-End Timeliness calculated for the reported adjudication actions taken during this period, from the date the subject completed his/her Standard Form Questionnaire to the adjudication action effective date.
