#### 5. 510(k) Summary

Submitter:

Possis Medical, Inc.

9055 Evergreen Boulevard, N.W.

Coon Rapids, MN 55433

Contact Person:

Mark D. Stenoien

**Director Regulatory Affairs** 

Phone: 763,717,1092 Fax: 763,780,2227

Email: mark.stenoien@possis.com

**Device Common Name:** 

**Embolectomy Catheter** 

**Device Trade Name:** 

AngioJet® Ultra AVX® Thrombectomy Set

Device Classification Name: Embolectomy Catheter

**Predicate Devices:** 

Angio Jet Ultra AVX Thrombectomy Set (K073441)

## **Device Description**

Each AngioJet Ultra AVX Thrombectomy Set is a sterile, single use, disposable set that includes the AngioJet AVX Thrombectomy catheter and pump in one combined unit. The Angio Jet Ultra AVX Thrombectomy Set is used with the Angio Jet Ultra Console. A 3-port catheter manifold is used, so that contrast media and other fluids can be injected into the vascular where the catheter is positioned.

#### **Indications for Use**

The AngioJet Ultra AVX Thrombectomy Set is intended for use with the AngioJet Ultra System in breaking apart and removing thrombus from A-V access conduits > 3 mm in diameter.

## **Comparison to Predicate Devices**

Possis Medical, Inc. considers the AngioJet Ultra AVX Thrombectomy Set to be substantially equivalent to the predicate devices listed above. This conclusion is based upon the devices' similarities in functional design, materials, indications for use, and principles of operation.

## **Supporting Information**

Bench and biocompatibility testing supported using a 3-port catheter manifold and adding labeling instructions for using the AngioJet Ultra AVX Thrombectomy Set to inject contrast media and other fluids into the vascular site where the catheter is positioned.

Re: K082382

AngioJet<sup>®</sup> Ultra AVX<sup>®</sup> Thrombectomy Set Regulation Number: 21 CFR 870.5150 Regulation Name: Embolectomy Catheter

Regulatory Class: Class II

Product Code: DXE

Dated: November 20, 2008 Received: November 21, 2008

Dear Mr. Stenoien:

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration.

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to such additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the <u>Federal Register</u>.

Please be advised that FDA's issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements of the Act or any Federal statutes and regulations administered by other Federal agencies. You must comply with all the Act's requirements, including, but not limited to: registration and listing (21 CFR Part 807); labeling (21 CFR Part 801); good manufacturing practice requirements as set forth in the quality systems (QS) regulation (21 CFR Part 820); and if applicable, the electronic product radiation control provisions (Sections 531-542 of the Act); 21 CFR 1000-1050. This letter will allow you to begin marketing your device as described in your Section 510(k) premarket notification. The FDA finding of substantial equivalence of your device to a legally marketed predicate device results in a classification for your device and thus, permits your device to proceed to the market.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801), please contact the Center for Devices and Radiological Health's (CDRH's) Office of Compliance at (240) 276-0120. Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21 CFR Part 807.97). For questions regarding postmarket surveillance, please contact CDRH's Office of Surveillance and Biometrics' (OSB's) Division of Postmarket Surveillance at 240-276-3474. For questions regarding the reporting of device adverse events (Medical Device Reporting (MDR)), please contact the Division of Surveillance Systems at 240-276-3464. You may obtain other general information on your responsibilities under the Act from the Division of Small Manufacturers, International and Consumer Assistance at its toll-free number (800) 638-2041 or (240) 276-3150 or at its Internet address <a href="http://www.fda.gov/cdrh/industry/support/index.html">http://www.fda.gov/cdrh/industry/support/index.html</a>.

Sincerely yours,

Bram D. Zuckerman, M.D.
