

not change the allowed leakage, and therefore does not affect the offsite dose consequences based on this criteria. The licensee has concluded and the Commission agrees that removing the hydrogen control systems will not result in containment failure for any postulated accident or normal operating conditions. The proposed action will not increase the probability or consequences of accidents, no changes are being made in the types of any effluents that may be released offsite, and there is no significant increase in occupational or public radiation exposure. Therefore, there are no significant radiological environmental impacts associated with the proposed action.

With regard to potential nonradiological impacts, the proposed action does not involve any historical sites. It does not affect nonradiological plant effluents and has no other environmental impact. Therefore, there are no significant nonradiological environmental impacts associated with the proposed action.

Accordingly, the Commission concludes that there are no significant environmental impacts associated with the proposed action.

#### *Alternatives to the Proposed Action*

As an alternative to the proposed action, the staff considered denial of the proposed action (i.e., the "no-action" alternative). Denial of the application would result in no change in current environmental impacts. The environmental impacts of the proposed action and the alternative action are similar.

#### *Alternative Use of Resources*

This action does not involve the use of any resources not previously considered in the Final Environmental Statement for the San Onofre Nuclear Generating Station, Units 2 and 3, dated April 1981, with Errata dated June 1981.

#### *Agencies and Persons Consulted*

In accordance with its stated policy, on August 6, 1999, the staff consulted with the California State official, Mr. Steven Hsu of the Radiologic Health Branch, State Department of Health Services, regarding the environmental impact of the proposed action. The State official had no comments.

#### **Finding of No Significant Impact**

On the basis of the environmental assessment, the Commission concludes that the proposed action will not have a significant effect on the quality of the human environment. Accordingly, the Commission has determined not to

prepare an environmental impact statement for the proposed action.

For further details with respect to the proposed action, see the licensee's letter dated September 10, 1998, as supplemented by letter dated July 19, 1999, which are available for public inspection at the Commission's Public Document Room, The Gelman Building, 2120 L Street, NW., Washington, DC, and at the local public document room located at the Main Library, University of California, Irvine, California 92713.

Dated at Rockville, MD, this 25th day of August 1999.

For the Nuclear Regulatory Commission.

## OFFICE OF PERSONNEL MANAGEMENT

### **Proposed Collection; Comment Request; Extension of Standard Form 113-A**

**AGENCY:** Office of Personnel Management.

**ACTION:** Notice.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, May 22, 1995), this notice announces that the Office of Personnel Management (OPM) intends to submit a request to the Office of Management and Budget (OMB) for renewal of authority to collect data for the Monthly Report of Federal Civilian Employment (SF 113-A). The information that is collected provides a timely count of Governmentwide employment, payroll, and turnover data. Uses of the data include monthly reporting to OMB and publishing the bimonthly *Federal Civilian Workforce Statistics—Employment and Trends*; answering data requests from the Congress, White House, other Federal agencies, the media, and the public; Providing employment counts required by OMB; and serving as benchmark data for quality control of the Central Personnel Data File. The number of responding agencies is 130. The report is submitted 12 times a year. The total number of person-hours required by the 130 agencies to prepare and transmit the reports annually is estimated at 3,120.

Comments are particularly invited on:—Whether this collection of information is necessary for the proper performance of functions of the Office

of Personnel Management, and whether it will have practical utility;—Whether our estimate of the public burden of this collection is accurate, and based on valid assumptions and methodology; and—Ways to assist the Office of Personnel Management which is currently actively exploring ways to electronically transmit agency data and would like any comments that would help facilitate this process.

For copies of the clearance package, call Mary Beth Smith-Toomey, Reports and Forms Officer, on (202) 606-8358, or by e-mail to mbtoomey@opm.gov.

**DATES:** Comments on this proposal should be received on or before November 1, 1999.

**ADDRESSES:** Send or deliver comments to: May Eng, U.S. Office of Personnel Management, Room 7439, 1900 E Street, NW., Washington, DC 20415.

### Federal Employees Health Benefits Program:

#### Medically Underserved Areas for 2000

**AGENCY:** Office of Personnel  
Management.

**ACTION:** Notice of Medically  
Underserved Areas for 2000.

**SUMMARY:** The Office of Personnel Management (OPM) has completed its annual determination of the States that qualify as Medically Underserved Areas under the Federal Employees Health Benefits (FEHB) Program for the calendar year 2000. This is necessary to comply with a provision of FEHB law that mandates special consideration for enrollees of certain FEHB plans who receive covered health services in States with critical shortages of primary care physicians. Accordingly, for calendar year 2000, OPM's calculations show that the following States are Medically Underserved Areas under the FEHB Program: Alabama, Idaho, Kentucky, Louisiana, Mississippi, Missouri, New Mexico, North Dakota, South Carolina, South Dakota, Utah, and Wyoming. Kentucky, Missouri, and Utah are new for 2000.

**EFFECTIVE DATE:** January 1, 2000.

**FOR FURTHER INFORMATION CONTACT:**  
Karen Leibach, 202-606-0004.

**SUPPLEMENTARY INFORMATION:** FEHB law (5 U.S.C. 8902(m)(2)) mandates special consideration for enrollees of certain FEHB plans who receive covered health services in States with critical shortages of primary care physicians. Such States are designated as Medically Underserved Areas for purposes of the

FEHB Program, and the law requires plan payments to all qualified providers in these States.

FEHB regulations (5 CFR 890.701) require OPM to make an annual determination of the States that qualify as Medically Underserved Areas for the next calendar year by comparing the latest Department of Health and Human Services State-by-State population counts on primary medical care manpower shortage areas with U.S. Census figures on State resident populations.
