New Century Energies, Inc., et al. (70-8787)

New Century Energies, Inc. ("NCE"), a registered holding company, and two of its wholly owned subsidiaries, Public Service Company of Colorado ("PSCo"), an electric and gas utility company, and NC Enterprises, Inc. ("Enterprises"), a nonutility company, each located at 1225 17th Street, Denver, Colorado 80202-5533, have filed a post-effective amendment under sections 9(a), 10, 12(b), 12(c) and 12(f) of the Act and rules 43, 45, 46 and 54 under the Act, to their application-declaration filed under sections 6(a), 7, 9(a), 10 and 13(b) of the Act and rules 80 through 91, 93 and 94 under the Act.

By order dated August 1, 1997 (HCAR No. 26748) (the "Merger Order"), the Commission authorized, among other things, NCE to acquire all of the issued and outstanding common stock of PSCo and Southwestern Public Service Company ("SPS"), an electric utility company, and to organize Enterprises as an intermediate holding company for certain of the existing nonutility subsidiaries of PSCo and SPS which the Commission held to be retainable under the standards of section 11(b)(1) of the Act. In accordance with the Merger Order, PSCo transferred Natural Fuels Corporation ("Natural Fuels"), an 83.63% owned subsidiary of PSCo, to Enterprises. The remaining 16.37% interest in Natural Fuels is owned by CIC Stock Corporation ("CIC"), an indirect subsidiary of the Coastal Corporation, which is a nonaffiliate of NCE.

Natural Fuels currently holds a 50% interest in Natural/Total Limited Liability Company ("Natural/Total"), a Wyoming limited liability company, and a 50% profits interest (25% capital interest) in Natural/Peoples Limited Liability Company ("Natural/Peoples"),

also a Wyoming limited liability company. Natural/Total, in turn, holds a 67% interest in Natural/Total/KN Limited Partnership ("Natural/Total LLP").

Natural Fuels and its subsidiaries named above are engaged in two distinct lines of business which relate generally to the commercialization of compressed natural gas as a fuel for motor vehicles. One line of business includes the conversion of motor vehicles to permit operation by compressed natural gas or propane, and the construction, ownership and operation of compressed natural gas fueling stations ("Energy Services"). The other line of business involves the packaging and marketing of compressed natural gas fueling facility equipment ("Station Equipment"). The applicants state that the two lines of business have substantially different customer bases, geographic focus, and capital requirements. The Energy Services business is confined to parts of Colorado and Wyoming and generally serves the needs of motor vehicle users (both individual and fleet). This business generally involves the ownership and operation of long-lived assets (viz. refueling stations). In contrast, the Station Equipment business is national and international in scope, and serves the needs of fuel providers, utilities, and automotive fleet operators, rather than vehicle users. This business does not involve investment in or ownership or operation of long-lived assets.

The applicants state that they have determined that it would be desirable from an operational and organizational standpoint to separate Natural Fuel's Energy Services and Station Equipment businesses and transfer the former back to PSCo. The applicant asserts that the Energy Services business fits well with PSCo's gas utility operations, as they share a similar customer base in Colorado and Wyoming and involve similar operational characteristics. Moreover, PSCo already owns and operates compressed natural gas fueling stations at the majority of its service centers for the operation of more than 350 service vehicles which use compressed natural gas in compliance with the requirements of the Energy Policy Act of 1992. The applicants also assert that the transfer would streamline and focus the marketing and public education efforts that are now conducted by both Natural Fuels and PSCo. To effectuate the goals of separating Natural Fuels Energy Services and Station Equipment businesses and of transferring the former back to PSCo, the applicants
