RE: Notification of Nutritional Support Statements

Dear Sir or Madam:

I hereby notify the Food and Drug Administration (FDA) of the use of statements of nutritional support in the labeling of, Hyaluronic Acid a dietary supplement. Source Naturals® is the manufacturer of Hyaluronic Acid.

Statements being made in the labeling of Hyaluronic Acid:

- (1) Hyaluronic acid plays an integral role in maintaining and regulating moisture within the tissues and facilitates the transport of nutrients into the cells and the removal of metabolic waste.
- (2) It is found in all of the body's tissues, with the highest concentrations located in the extracellular matrix of the skin and the synovial fluid that bathes the joints and cartilage.
- (3) Optimum levels of hyaluronic acid are essential for the health of the joints and cartilage.
- (4) Injuv™ provides the only hyaluronic acid that has undergone a natural enzyme cleaving technique for greater absorption.

To the best of my knowledge, and based upon information and belief present at the time of the execution of this notice, I certify that the above information is accurate and complete. Source Naturals possesses substantiation that the statements are truthful and not misleading.

Ira L. Goldberg
President, Source Naturals®
