

the airport, its location, the procedure identification and the amendment number.

The Rule

This amendment to part 97 is effective upon publication of each separate SIAP as contained in the transmittal. Some SIAP amendments may have been previously issued by the FAA in a National Flight Data Center (NFDC) Notice to Airmen (NOTAM) as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for some SIAP amendments may require making them effective in less than 30 days. For the remaining SIAPs, an effective date at least 30 days after publication is provided.

Further, the SIAPs contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these SIAPs, the TERPS criteria were applied to the conditions existing or anticipated at the affected airports. Because of the close and immediate relationship between these SIAPs and safety in air commerce, I find that notice and public procedure before adopting these SIAPs are impracticable and contrary to the public interest and, where applicable, that good cause exists for making some SIAPs effective in less than 30 days.

Conclusion

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

FEDERAL TRADE COMMISSION

16 CFR Part 301

Rules and Regulations Under the Fur Products Labeling Act

AGENCY: Federal Trade Commission.

ACTION: Final rule.

SUMMARY: The Federal Trade Commission (FTC or Commission) amends the Rules and Regulations under the Fur Products Labeling Act (Fur Rules) pursuant to the Dog and Cat Protection Act of 2000. That Act prohibits importing, exporting, manufacturing, selling, advertising, transporting, or distributing any dog or cat fur product. The Dog and Cat Protection Act also amends the Fur Act to exclude dog and cat fur products from items the Commission may exempt

from Fur Act requirements because they contain only a small amount of fur. The amendments announced herein conform the Fur Rules to the amended Fur Act by making clear that the exemption from the Fur Act does not apply to dog and cat fur products. Because the amendments are technical in nature and merely incorporate the statutory change, the Commission finds that notice and comment are not required. See 5 U.S.C. 553(b). For this reason, the requirements of the Regulatory Flexibility Act also do not apply. See 5 U.S.C. 603, 604.

EFFECTIVE DATE: The amended Rules are effective January 29, 2001.

ADDRESSES: Requests for copies of the amended Rules should be sent to the Consumer Response Center, Room 202, Federal Trade Commission, 600 Pennsylvania Avenue, NW, Washington, DC 20580. The notice announcing the amendments is available on the Internet at the Commission's website: <http://www.ftc.gov>.

FOR FURTHER INFORMATION CONTACT: Carol Jennings, Attorney, (202) 326-3010, cjennings@ftc.gov, or Stephen Ecklund, Senior Investigator, (202) 326-2841, secklund@ftc.gov, Division of Enforcement, Bureau of Consumer Protection, Federal Trade Commission, 600 Pennsylvania Avenue NW, Washington, DC 20580.

SUPPLEMENTARY INFORMATION: The Fur Products Labeling Act (Fur Act), 15 U.S.C. 69, and Commission rules pursuant to the Act, 16 CFR Part 301, require that sellers of covered fur products mark each product to show: (1) The name of the animal that produced the fur; (2) that the fur product contains or is composed of used fur, if such is the fact; (3) that the fur product contains or is composed of artificially colored fur, if such is the fact; (4) that the fur product is composed in whole or in substantial part of paws, tails, bellies, or waste fur, if such is the fact; (5) the name under which the manufacturer or other responsible company does business, or in lieu thereof, the RN issued to the company by the Commission; and (6) the country of origin of imported furs. The statute and rules also include advertising and recordkeeping requirements. The Fur Act authorizes the Commission to exempt products containing a relatively small amount or value of fur. Accordingly, section 301.39(a) of the Fur Rules exempts from rule requirements fur products for which either the cost to the manufacturer of the fur contained in the product or the manufacturer's selling

price of the product does not exceed \$150.¹

The Dog and Cat Protection Act of 2000, Pub. L. 106-476, prohibits importing, exporting, manufacturing, selling, advertising, transporting, or distributing any dog or cat fur product. Violations may result in the imposition of civil penalties ranging from \$3,000 to \$10,000 for each separate violation; forfeiture of the illegal products; and debarment from importing, exporting, manufacturing, transporting, distributing, or selling any fur product in the U.S.

In addition, the Dog and Cat Protection Act amends the Fur Act, 16 U.S.C. 69(d), to exclude dog and cat fur products from those items the Commission is authorized to exempt from the labeling and other requirements of the Fur Act and implementing regulations. The amendments to the Fur Rules announced herein implement this amendment to the Fur Act.
