Re: Docket #98P-0151/CP1

Gentlemen:

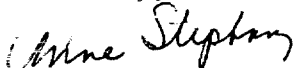

I am concerned about the dreadful condition of poor downed animals doomed for slaughter. Animals who are too sick to stand should not be considered for human consumption as they would be bad for human health.

Plus I am concerned about the cruelty in the treatment of these poor sick, helpless animals who are shown no mercy.

I would appreciate it and urge you to promote the granting of the above petition to prohibit the slaughter of the poor downed animals.

Thank you.

Sincerely,

Anne M. Stephany
