DATE 2-25-01
SUBJECT ocket # 98P-0151/KRS

C. F. A. L. representing 82 animal protection organizations in California strongly urges a prohibition of the slaughter of "downed animals". "Downed animals" are suspected as suffering a form of "mad cow disease". There is no humane way to move a downed animal. A prohibition would encourage better treatment and handling. The public has shown they support humane treatment of food animals.

Thank you,
Karen Raasch
