# GENERAL INFORMATION AND INSTRUCTIONS

Public reporting burden for this collection of information is estimated to average 35.5 hours per response, including the time to gather and maintain data in the required form and to review instructions and complete the information collection. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: Secretary, Board of Governors of the Federal Reserve System, 20th and C Streets, N.W., Washington, D.C. 20551; and to the Office of Management and Budget, Paperwork Reduction Project (7100-0046), Washington, D.C. 20503. The Federal Reserve may not conduct or sponsor and an organization (or person) is not required to respond to a collection of information unless it displays a currently valid OMB control number.

## Who Must File This Application

A newly organizing bank that seeks to become a state member bank, or an existing bank or savings institution that seeks to convert to a state member bank status, must file this application.

## Preparation of Application

Inquiries concerning the preparation of this application should be directed to the head office of the Federal Reserve Bank (Reserve Bank) of the District in which the main office of Applicant is located.

The Federal Reserve reserves the right to require the filing of additional statements and information. If any information initially furnished in the application changes significantly during the processing of the application, such changes should be communicated promptly to the Reserve Bank.

Certain currently operating banks and savings institutions seeking to convert to state membership status may not require a pre-membership examination, and certain de novo banks may be required to have their organizers meet with Reserve Bank officials before membership is approved.

If Applicant is a de novo bank, it should complete Section I. If Applicant is a currently operating bank, it should complete Section II. If Applicant is a newly formed, nonoperating bank formed solely to facilitate acquisition of an existing bank, it should complete Section III. All numbered items on the appropriate section should be answered; if the question is not applicable or if the answer is "none," so state.

Each of these applicants also must complete the appropriate Federal Reserve Bank stock application form for its charter type (FR 2083A or FR 2083B) and the Certificate of Organizers or of Directors (FR 2083C).

Answers to questions should be numbered in accordance with the format of this application. The application should be bound and page-numbered consecutively with numbers appearing at the bottom of each page.

Eligible banks, as defined in Section 208.2(e) of the Board's Regulation H (12 CFR 208.2(e)), and certain de novo banks controlled

by bank holding companies that meet criteria in Section 225.14(c) of the Board's Regulation Y (12 CFR 225.14(c)), are eligible for expedited processing. See Section 208.3(c) of Regulation H (12 CFR 208.3(c)).

## Supporting Information

The formal questions in the application are not intended to limit Applicant's presentation. In this regard, Applicant bears the full burden of presenting and documenting a case to meet the statutory criteria for approval. Supporting information for any or all factors, setting forth the basis for Applicant's judgment, may accompany the application.

## Confidentiality

Under the provisions of the Freedom of Information Act, the application is a public document and available to the public upon request.

However, if Applicant is of the opinion that disclosure of commercial or financial information would likely result in substantial harm to its competitive position, or that disclosure of information of a personal nature would result in a clearly unwarranted invasion of personal privacy, confidential treatment of such information may be requested. This request for confidential treatment must be submitted in writing concurrently with the submission of the application, and must discuss in detail the justification for confidential treatment. Such justification must be provided for each response for which confidential treatment is requested.

Applicant's reasons for requesting confidentiality should demonstrate specifically the harm that would result from public release of the information. A statement simply indicating that the information would result in competitive harm or that it is personal in nature is not sufficient. (A claim that disclosure would violate the law or policy of a foreign country is not, in and of itself, sufficient to exempt information from disclosure. It must be demonstrated that disclosure would meet either the "substantial competitive harm" or "unwarranted invasion of personal privacy" test.)

Information for which confidential treatment is requested should be: (1) specifically identified in the public portion of the application (by reference to the confidential section); (2) separately bound; and (3) labeled "Confidential."

Applicant should follow this same procedure on confidentiality with regard to filing any supplemental information to the application.

The Board will determine whether information submitted as confidential will be so regarded, and will advise Applicant of any decision to make available to the public information labeled "Confidential." However, without prior notice to Applicant, the Board may

disclose or comment on any of the contents of the application in the Order or Statement issued by the Board in connection with its decision on the application. The Board's staff normally will apprise an Applicant in the course of the application process that such information may need to be disclosed in connection with the Board's action on the application.

#### **Related Applications**

If consummation of the proposal is dependent upon separate approval by the Board of Governors of other applications, such as a merger or bank holding company acquisition of bank shares, such application should be filed concurrently with this application.

#### **Preliminary Charter Approval**

If a proposed new operating bank is involved, Applicant should have received at least preliminary approval of the charter before filing this application.

#### **Compliance**

The Board expects Applicant to comply with all representations and commitments made in this application. Applicant should immediately contact the Reserve Bank if there is any change in the structure of the proposal prior to consummation.

## CERTIFICATE OF COUNSEL FOR FEDERAL RESERVE BANK

I, the undersigned, counsel for the Federal Reserve Bank of \_\_\_\_\_,  
do hereby certify that, in my opinion the \_\_\_\_\_,

which have a bearing on any legal matters involved and the state laws covering the organization and operation of this bank, I am satisfied  
as to the legal matters involved, except as otherwise noted.

REMARKS:

NOTE: Inappropriate parts of the counsel's certificate should be marked out when it has been determined whether the bank is authorized to purchase stock in the Federal Reserve Bank or, in the case of a mutual savings bank or similar institution, to make the required deposit in lieu of a purchase of stock.
