RE: Notification of Nutritional Support Statements

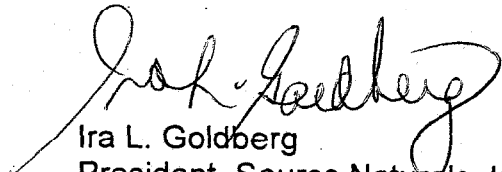

Dear Sir or Madam:

I hereby notify the Food and Drug Administration (FDA) of the use of statements of nutritional support in the labeling of GammaFRAC™ a dietary supplement. Source Naturals® is the manufacturer of GammaFRAC™.

Statements being made in the labeling of GammaFRAC™:

- (1) Gamma oryzanol is a naturally occurring plant sterol complex derived from rice bran oil. Ferulic acid is a water-soluble component of gamma oryzanol that has been broken down, freeing the ferulic acid from the plant sterols.

To the best of my knowledge, and based upon information and belief present at the time of the execution of this notice, I certify that the above information is accurate and complete. Source Naturals possesses substantiation that the statements are truthful and not misleading.
