RE: Notification of Nutritional Support Statements

Dear Sir or Madam:

I hereby notify the Food and Drug Administration (FDA) of the use of statements of nutritional support in the labeling of Colostrum, a dietary supplement. Source Naturals® is the manufacturer of Colostrum.

Statements being made in the labeling of Colostrum:

(1) Colostrum is a unique food supplement, rich in a variety of biologically active proteins including immunoglobulins. It is the first "milk" given to a newborn calf by its mother, and contains many bioactive compounds not present in ordinary milk.

To the best of my knowledge, and based upon information and belief present at the time of the execution of this notice, I certify that the above information is accurate and complete. Source Naturals possesses substantiation that the statements are truthful and not misleading.
