RE: Notification of Nutritional Support Statements

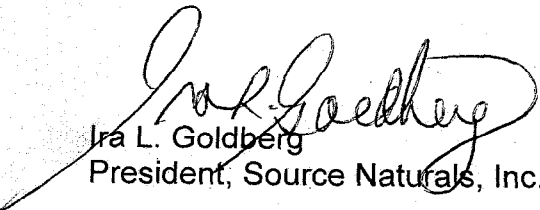

Dear Sir or Madam:

I hereby notify the Food and Drug Administration (FDA) of the use of statements of nutritional support in the labeling of Calcium D-Glucarate, a dietary supplement. Source Naturals® is the manufacturer of Calcium D-Glucarate.

Statements being made in the labeling of Calcium D-Glucarate:

- (1) Cellular Detoxifier
- (2) Source Naturals Calcium D-Glucarate includes the patented compound glucarate which has been shown to enhance the major detoxification pathways in the body.
- (3) Animal studies have shown that high doses of Calcium D-Glucarate inhibit B-glucuronidase, thereby enhancing the process of glucuronidation, in which foreign organic compounds, fat-soluble toxins and excess steroid hormones such as estrogen are detoxified and excreted from our bodies.

To the best of my knowledge, and based upon information and belief present at the time of the execution of this notice, I certify that the above information is accurate and complete. Source Naturals possesses substantiation that the statements are truthful and not misleading.

  
Ira L. Goldberg  
President, Source Naturals, Inc.
