RE: Notification of Nutritional Support Statements

Dear Sir or Madam:

I hereby notify the Food and Drug Administration (FDA) of the use of statements of nutritional support in the labeling of Gingko-24, a dietary supplement. Source Naturals® is the manufacturer of Gingko-24.

Statements being made in the labeling of Gingko-24:

- (1) Gingko-24 is a standardized concentration of prime quality Gingko biloba leaves. The extraction yields 24% ginkgo flavone glycosides and 6% terpene lactones (the key constituents) from a 50 to 1 concentration
- (2) The ginkgo biloba tree has survived for over 200 million years, virtually unchanged – the earth's oldest living species of tree.
- (3) Gingko biloba 24% is the subject of extensive scientific research, and is used worldwide as a nutritional supplement.

To the best of my knowledge, and based upon information and belief present at the time of the execution of this notice, I certify that the above information is accurate and complete. Source Naturals possesses substantiation that the statements are truthful and not misleading.

  
Ira L. Goldberg  
President, Source Naturals, Inc.
