

re: Docket #s OOD-1598 & OON-1396

Feb 3, 2001

Dear FDA Commissioner,

Please, no genetically
engineered foods ^{5 of 100} ~~until~~ until
thorough safety testing has been
done. And, when (if) they are
marketed, they should be
labelled as "Genetically Engineered."

We must have a choice!

Thank you, Margaret Viers
